

# Stock Replacement Part List for Intake Manifolds

## IMPORTANT INFORMATION FOR EMISSIONS INSPECTION PURPOSES

**THIS EDELBROCK INTAKE MANIFOLD** is considered to be a stock replacement part on exhaust emission-controlled vehicles, as explained below.

These Edelbrock intake manifolds make provisions for all the necessary O.E.M. emissions controls and shall retain either the stock O.E.M. carburetor, or a consolidated or otherwise allowed replacement carburetor.

1. For your assistance, here is the current list of Edelbrock intake manifolds for both non-EGR and EGR applications that are designed as Stock Replacement Parts.
2. A copy of your original sales receipt showing the Edelbrock intake manifold part number, should be retained in the glove compartment of the vehicle using this manifold along with this listing of Stock Replacement Parts.
