Caution

Caution

The lightening flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of un-insulated "dangerous voltage" within the products enclosure that may be of sufficient magnitude to constitute a risk of electric shock to the persons.

The exclamation point within an equilateral triangle is intend to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Correct disposal of this Product (Waste Electrical & Electronic Equipment (WEEE))Your product is designed and manufactured with high quality materials and components which can be recycled and reused. This symbol means that electrical and electronic equipment, at their end-of-life should be disposed of separately from your household waste.Please dispose of this equipment at your local community waste collection/recycling centre. In the USA there are separate collection systems for used electrical and electronic products. Please help us to conserve the environment we live in!

3124140
CONFORMS TO UL STD. 60065

This unit complies with America Safety directives.help us to conserve the environment we live in!

This unit complies with FCC directives.

Safety Information

Safety Information

To ensure reliable and safe operation of this equipment, please read carefully all the instructions in this user guide, especially the safety information below.

Electrical safety

- The TV set should only be connected to a mains supply which matches that stated on the label on the mains adaptor
- To prevent overload, don't share the same mains supply socket with too many other items of equipment.
 1. Do not place any connecting wires where they may be stepped on or tripped over.
 2. Do not place heavy items on the leads, which may damage them.
 3. Hold the Mains plug, not the wires, when removing from a socket.
 4. During a thunderstorm or while leaving the TV for long periods, disconnect the aerial (if outdoor) and mains adaptor from the supply.
 5. Do not allow water or moisture to enter the TV or mains adaptor. Do NOT use in wet or moist areas such as Bathrooms, steamy kitchens or near swimming pools.
- Pull the plug out immediately, and seek professional help if:
 1. the mains plug or cable is damaged
 2. liquid is spilt onto the set, or if it is accidentally exposed to water or moisture
 3. anything accidentally penetrates the ventilation slots
 4. the set does not work normally.
 5. Do NOT remove the safety covers. There are no user serviceable parts inside. You may invalidate the warranty. Qualified personnel only are permitted to service this apparatus.
 6. To avoid battery leakage, remove exhausted batteries from the remote control handset, or when not using for along period.
 7. Do NOT break open or throw exhausted batteries on a fire.

Physical safety

1. Do NOT block ventilation slots in the back cover. You may place the TV in a cabinet, but ensure at least 5cm (2") clearance all around the unit.
2. Do NOT tap or shake the TV screen, you may damage the internal circuitry. Take good care of the remote control, do not drop it or allow it to come into contact with liquids.
3. To clean the TV use a soft dry cloth. Do NOT use solvents or petrol based fluids. For stubborn stains, you may use a damp soft cloth with diluted detergent.
