

CRAZY 8's

INSTRUCTIONS

Ages: 4+

Players: 2 - 6

Equipment: 40 cards

Shuffle the deck. Deal five cards face down, one at a time, to each player. The remaining cards are placed face down in a draw pile. Turn the top card face up beside the draw pile, to serve as the discard pile. If this card is a Crazy 8, put it back in the draw pile and draw another card. The player to the left of the dealer begins by playing one card face up on the discard pile. This card must match the previous card in the discard pile by either color or number. All 8 cards are "crazy" and act as wild cards—it does not need to match any color or number. After a player plays a Crazy 8 card, he gets to name the color which the next player must play. Play always continues to the player to the left. A player who cannot match a card by color or number, or play a Crazy 8 card, must draw a card one at a time from the draw pile, until he is able to play. If there are no more cards in the draw pile, the player must pass. The first player to get rid of all of the cards in his hand is the winner!
