### THE B-DAMAN™ SKILL MATRIX:

The B-DAMAN Skill Matrix tells you how important each of the five different B-DAMAN skills are for a given event. Check out the B-DAMAN Skill Matrix before starting the event and customize your B-DAMAN to win!

Example: You will need a lot of accuracy for this game.

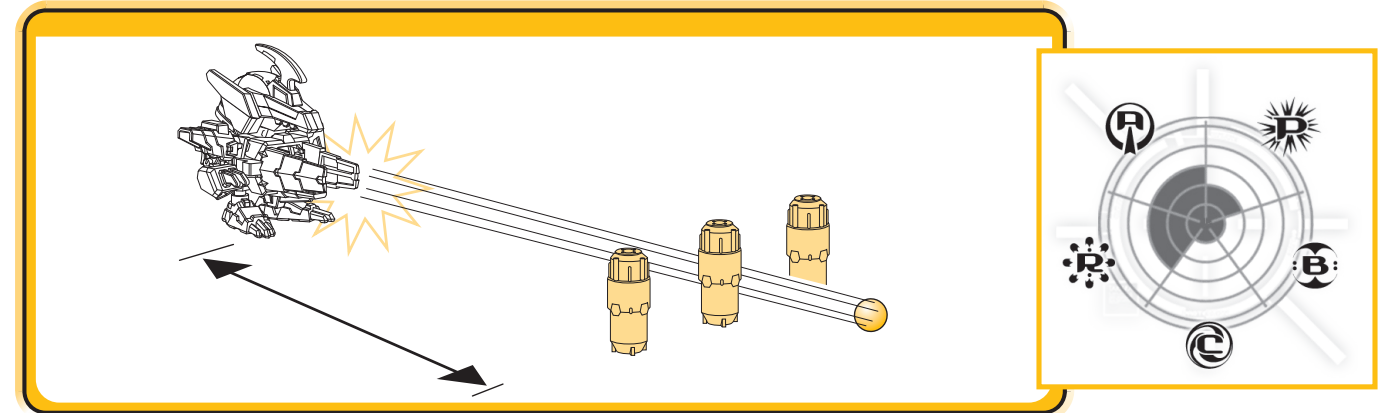

<b>Accuracy</b>		- It's important to be able to hit a target dead-on in Accuracy events.
<b>Power</b>		- Sometimes it's not enough to hit the target; sometimes you've got to hit it hard.
<b>Balance</b>		- Balance prevents your B-DAMAN from tilting back or to the side at the wrong time while aiming at a target.
<b>Control</b>		- In Control Events, you've got to be able to maintain control of your B-DAMAN while moving it from side-to-side.
<b>Rapid Fire</b>		- In Rapid Fire events, the more B-DABALLS you can launch and the faster you can launch them, the better.
