

RAN OUT OF CRITTER MIX?

No problem! You can use your favorite store-bought gelatin mix to make more candy critters.

1. Pour store-bought gelatin mix into a mixing bowl. To create the desired consistency when making the store bought gelatin, use approximately 1/2 the recommended amount of water.
2. Stir well for 2-3 minutes.
3. To make 4 critters, pour mixture into both molding trays. Refrigerate according to store-bought gelatin instructions.
4. When you're finished making the candy critters, you can use your favorite syrup flavor as a dipping sauce! Chocolate, strawberry and maple syrup all work well. Just pour syrup into the cauldron!
5. Remove the gummy treats with the "Magic" wiggle fork, or with the rotisserie skewer, and dip them in the cauldron or baste over the "flame".
6. Stick the gummy with the center prong of fork, pushing it through until side prongs reach the bottom of the gummy treat. Squeezing the handle portion of the fork will make the gummy treat "come alive"!

CLEANING

Before you begin, be sure to wash all parts in warm, soapy water and rinse thoroughly. Wash after each use. Do not use dishwasher to clean.

MAKING THE CANDY

1. Pour contents of 1 Critter Mix into the Cauldron Pot. Mix with 4 1/2 teaspoons of warm water. Stir well for 2–3 minutes until it thickens.

2. To make 4 critters, pour mixture into both molding trays. Place molds in refrigerator for 5–10 minutes.

MAKING THE CANDY SAUCE

1. Rinse Cauldron Pot and pour 1/2 of Rat Stew packet into cauldron pot. Add 4 1/2 teaspoons of water and mix thoroughly.

2. In a separate mixing bowl, pour the contents of both SWAMP GASSES mixes, A & B. Mix the two powders well, then pour 1/2 of the mixed powder into the SWAMP RAT STEW to increase the bubbling brew effect.

3. When brew is bubbling in cauldron, remove the gummy treats from molds with the “Magic” wiggle fork, or with the rotisserie skewer, and dip them in the cauldron.
