BUGGY BINGO™

NUMBER GAME

Contents

- 4 Bingo Cards–Bingo game board on the front side; fun facts on reverse.
- Spinner
- 36 Sunflower Markers

Object of the Game

To be the first player to cover three spaces in a row with sunflower markers.

Playing the Game

Each player selects a bingo card. Players may fill their free center space with a flower marker. The youngest player begins by spinning the arrow and naming both the number and the type of bug shown. All players check their cards to find a match. Both the type of bug and the number shown must match. Using the sunflower markers, players may cover one matching space per turn.

The spinner is then passed to the next player on the left. Players continue taking turns spinning, and naming bugs and numbers shown at each turn. The first player to cover three spaces in a row, in any direction, wins!
