828LM
LIFTMASTER® INTERNET GATEWAY

Simple Control From Anywhere

Imagine being away on vacation and opening your garage door for your neighbor to get into your home to water the plants or feed the cat. Or being able to check and make sure you closed the garage door after leaving for a business trip overseas. Or even having the ability to turn on house lights before you get home, so you don't have to enter a dark house. You can if you have the LiftMaster® Internet Gateway accessory and one of our two new garage door openers - Elite Series® model 8550 or Premium Series model 8360 with Battery Backup, or our Elite Series® gate operator models CSW24V, CSL24V or LA500.

Performance Features

- Uses MyQ® technology to monitor and operate the garage door opener, gate operator, lighting and other compatible devices from anywhere via an Internet-enabled mobile device or computer
- Custom Apps for PC, mobile web and smart phones provide full user interface & control
- Connects to a broadband modem or home router; Internet service is required
- 110 volt power supply
- No Annual Activation Fee

How it Works

828LM LiftMaster® Internet Gateway works with models 8550, 8360, CSW24V, CSL24V, and LA500 - Models 8550 and CSW24V shown.
