

Nokia Display Car Kit CK-600 Product Sheet

Product overview

Nokia Display Car Kit CK-600 offers seamless handsfree and music connectivity at a glance. The new detachable color display and the stylish input device make it easy, safe and convenient to access all key functions. Wherever you are – enjoy broad compatibility, ease of use and excellent audio quality.

Key Selling Points

Convenient handsfree & music:

- Excellent audio quality thanks to internal DSP (Digital Signal Processing)
- Fast access your contacts with automatic synchronization* and predictive search
- Listen to your music via Bluetooth wireless technology

Convenient handling:

- Real multi-compatibility thanks to Bluetooth wireless technology supporting Bluetooth specification 2.0
- Keep thieves away – the removable 2.2 inch color display
- Stylish remote control with illuminated keys for convenient control of the car kit's functions
- Allows for software updates via mini-USB connector
- New simplified installation concept through ISO cable, internal mute relays and motion sensor for shorter installation times

Added Bonus:

- Charging cable (2mm) to keep your compatible Nokia mobile device powered

* with compatible mobile phone
