STAGE PIECES, UNLOCKABLES AND MORE

Stage Pieces

Travel to new cities and distant lands and earn stage pieces and outfits that reflect the countries culture. After traveling the world and performing in enough concerts, you will be able to fill their stage with different props and a full cast of backup performers.

Unlockables

The more successful the concert, the more rewards! Hannah can use these unlockables to make her next concert even better!

Video Effects

Change video effects to pink hearts or golden stars and other special video effects that will become available once earned.

Clothing and Accessories

Earn new outfits that will help pump up the crowd. Miley must use Lilly's advice, while ignoring the advice of Jackson, to decide what clothing the fans will appreciate the most. Different countries have different tastes so Hannah will have to mix it up to keep everyone happy.

Stage/backdrop design

Swap out stage pieces and change their textures. The crowd won't want to see the same looking stage all of the time so Hannah will have to keep the changes coming. Changing up the stage is a great way to get the crowd hyped up!
