

MULTICLIP

MULTICLIP 53 S EURO

Multiclip 53 S Euro

A handy and self-propelled aluminium lawnmower with the effective Multiclip system.

The Multiclip system cuts and fertilises the lawn. It also makes the lawnmower quieter. You don't need to rake or empty a collector. You cut the grass about 30 % faster compared to collecting.

Equipped with the new STIGA SV 40 engine that has a genuine float carburettor, which makes it extremely easy to start. And a balanced crankshaft that gives lower vibrations and a longer life.

The lawnmower is very well equipped with self-propelled operation, rubber coated foldable handle, a robust aluminium deck with a 20 years warranty*, adjustable handle for cutting close to walls, central height adjustment and automatic cleaning of rear wheels.

The noise effect is very low, only 93 dB(A). A reduction of 3 dB(A) reduces the noise by half. Cutting width is 51 cm.
