

VIDEONOW™

COLOR

Headphones

Dear **VIDEONOW** Color Customer:

Congratulations on purchasing the **VIDEONOW** Color Headphones! Your journey into audio excitement is about to begin.

VIDEONOW would like to remind you that in order to fully maximize your entertainment experience, it is important to use your **VIDEONOW** Color headphones responsibly. Over time your desired level of audio may change as you become accustomed to louder volume levels. This could be harmful to your hearing.

Make sure to follow the below 3 steps to establish a safe listening level:

1. Begin by adjusting the volume control to a low level.
2. Slowly raise the volume until you can hear the audio clearly.
3. Set the volume control dial to this position and leave it there.

Taking these precautions every time you use your **VIDEONOW** Color Headphones will help protect your hearing in the future.
