i.Tech Arrow II

User Guide

Bluetooth®

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.
Caution: Changes or modifications not expressly
approved by the party responsible for compliance could
void the user's authority to operate the equipment.

i.Tech declares under our sole responsibility that the
headset is in conformity with the provisions of the
following Council Directives: 1999/5/EC

Dispose of the packaging and this product in
accordance with the latest provisions.

P/N S3J-51A05053-01A

Providing a simple wireless connection to your Bluetooth-enabled mobile handset, i.Tech Arrow II headset offers you the freedom to make and receive calls while on the move or at the office.

The i.Tech Arrow II headset is compatible with mobile handsets that support the Bluetooth Headset and Handsfree Profiles to create voice communication via Bluetooth technology.

Declaration of Conformity (DoC)

Getting Started

To use your i.Tech Arrow II ("the headset"), please follow
these simple steps:

- Charge your headset
- Pair your headset with a Bluetooth-enabled mobile handset

Product Specifications

Bluetooth Specification:	Version 1.2 Class 2
Bluetooth Profile Supported:	Headset and Handsfree
Range of Frequency:	2.4GHz Spectrum
Reception distance:	10 metres
Normal Charging Time:	Within 10 hours
Talk Time*:	Up to 6 hours
Standby Time*:	Up to 200 hours
Dimensions:	59 (L) x 25 (W) x 23 (H) mm
Weight:	15.5 grams

* May vary due to users' operation mode and mobile phone settings

Troubleshooting

If you are unable to connect your headset and mobile handset, please try the following:

- Ensure your headset is turned off and is properly charged.
- Ensure the headset is paired with your mobile handset.
- Ensure your mobile handset's Bluetooth feature is activated. Please refer to your mobile handset user guide for specific instruction.
- Ensure the headset is within a maximum of 10 metres of your mobile handset and there are no obstructions, such as walls or other electronic devices in between.

If the above steps do not solve your problem, please recharge the headset and remove your mobile handset's battery for a while.

The i.Tech Arrow II Headset is compliant with and adopts the Bluetooth Specification 1.2. However, interoperability between the device and other Bluetooth-enabled products is not guaranteed because it depends on compatibility. For more information on the compatibility between the device with other Bluetooth-enabled products, please check with the manufacturer or browse

Charging Your Headset

The Headset comes with a built-in rechargeable battery. Prior to using the headset for the first time, it is recommendable to charge the battery fully.

Charger

Charging Socket
Charger Plug

(Fig. 2)

Charging Your Headset

Connect the charger to an AC wall outlet and the charger plug to the headset's charging socket (fig.2). The **LED** will be red while charging.

IMPORTANT Charging indication will be delayed for a few seconds if the headset has not been used for a long time or the battery is drained.

Normal Charging Time

It takes about three hours to fully charge the battery. When the battery is fully charged, the **LED** will turn blue and remains on. Disconnect the charger from AC wall outlet and the headset. Press and hold the MFB (fig.1) to turn the headset on, please refer to "Turning Your Headset On and Off" .

Talk & Standby Time

The fully charged battery offers up to 6 hours talk time and up to 200 hours standby time. When no calls are in progress, the headset remains turned on in standby mode.

Low Battery

When the headset is on and the battery becomes low, the status indicator flashes red and the headset emits a beep every 1 minute. Please recharge the battery as described above.

Safety Information

- Check local laws regarding use of a mobile handset and headset while driving. If you use the headset while driving, ensure your attention and focus remains on the road. It is your responsibility to drive safely.
- Never allow children to play with the headset - small parts may be a choking hazard.
- Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive atmospheres.
- Turn off your headset prior to boarding an aircraft. Do not use your headset inside an aircraft.
- Never mount or store your headset over any air bag deployment area as serious injury may result when an air bag deploys.
- Do not open or mutilate the built-in battery.
- Dispose of batteries according to local regulations. Do not dispose as household waste.
- Dispose of the packaging and this product in accordance with the latest provisions.

Built-in Battery

- Do not attempt to replace the headset's battery yourself as it is built-in and is not changeable
- Charge the battery in accordance with the instructions supplied with this user guide.
- Only use the manufacturer supplied charger when charging the headset.

Charger

- Only use the manufacturer supplied charger when charging the headset.
- Do not disassemble the charger as it may expose you to dangerous voltages or other risks. Incorrect reassembly can cause electric shock when the headset is subsequently used.
- Do not use the charger outdoors or in damp areas.
- Only charge the headset's built-in battery in accordance with the instructions in this user guide.
- Avoid charging the headset in extremely high and low temperatures.

Turning Your Headset On and Off

Turning On the Headset
Press and hold the MFB (Fig.1) until you hear a short beep. The status indicator will start flashing blue.

IMPORTANT Press the MFB again each time you turn on the headset to reactivate pairing so that the connection between the headset and the mobile handset is resumed. For pairing, please refer to "Pairing Your Headset" on page 6-7.

Turning Off the Headset
Press and hold the MFB (Fig. 1) until you hear a long beep. The Status indicator will stop flashing.
IMPORTANT To disconnect the Bluetooth connection, please firstly turn off your headset by pressing the MFB.

Pairing Your Headset

Up to 1 metre

Prior to using your headset for the first time, you must pair it with a Bluetooth-enabled mobile handset.

The information on the next page describes pairing instruction for a typical Bluetooth-enabled mobile handset. Headset pairing procedure is subject to different models of mobile handsets.

Care and Maintenance

Headset

- Consider turning your headset off before placing it in your pocket or bag. If the **MFB** is accidentally depressed, your mobile handset may place an unintended call.
- Do not expose the headset to liquid, moisture or humidity as it is not waterproof.
- Do not use abrasive cleaning solvents to clean the headset.
- Do not expose the headset to extremely high or low temperatures.
- Do not dispose of the headset in a fire as it will result in an explosion.
- Do not bring your headset into contact with sharp objects as this will cause scratches and damage.
- Do not stick anything inside the headset as this may damage internal components.
- Do not attempt to disassemble the headset as it does not contain serviceable components.
- If you do not use the headset for long periods, be sure to store it in a dry place, free from extreme temperatures and dust.

Adjusting the Volume

Press the **Volume Key** repeatedly until you reach the desired volume level.

2 ◀▮▮▯▯▯

Resetting / Removing the Pairing

You may want to reset the headset to its original settings. This also clears all current pairings.
1. Ensure the headset is OFF.
2. Press and hold one of the **Volume Key's** until the status indicator alternately flashes blue and red rapidly.
3. Release the **Volume Key**.
4. Press and hold one of the **Volume Key's** again until you hear 2 beeps.
5. Recharge the headset for a few seconds.

The headset is turned off and returns to the original settings. All current pairings are cleared.

Pairing Your Headset

1. Place the headset and the mobile handset where they are easily viewable and no more than 1 metre apart.
2. Ensure the headset is OFF. (No flashing on the Status Indicator).
3. Press and hold the **MFB (Fig. 1)** until the headset status indicator alternately flashes blue and red.
4. Activate your mobile handset's Bluetooth function by referring to your mobile handset user guide for details.
5. Set the mobile handset to search for Bluetooth devices within 1 metre as instructed in the mobile handset user guide and select "i.Tech Arrow II" from the list.
6. Enter the pre-programmed passkey "0000" and press "OK" to pair your headset and mobile handset. When the pairing is completed, the headset **status indicator** will flash blue rapidly for 5 times followed by a long beep.
7. Go back to your mobile handset's main menu. For certain mobile handset models, a headset icon will be shown on the screen. You should now be able to make and receive calls using your headset.

IMPORTANT If the pairing cannot be completed within 2 minutes while the pairing mode is activated, the headset status indicator flashes purple red with 3 beeps and the headset is turned off. Please repeat Steps 2 to 7 to pair the headset and the mobile handset again.

Using Your Headset

Answering a Call
When there is an incoming call, you will hear ringing through the speaker. Press the **MFB** to accept the call or answer the call via your mobile handset in the normal way.

Ending a Call
Press the **MFB** to end your call or end the call via your mobile handset in the normal way.

Rejecting a Call
To reject an incoming call during ringing of the headset, press and hold one of the **Volume Keys** for 2 seconds until you hear 2 beeps.

Dialing from Your Mobile Handset
Simply make calls on your mobile handset in the normal way.

Using Your Headset

Voice Dialling from Your Headset
If your mobile handset is equipped with a voice dialling function, simply press the **MFB** on your headset and when you hear a beep, say the voice tag.

IMPORTANT Please make sure to record voice tags into the mobile handset first before using voice dialling function.

Last Number Redialling from Your Headset
Press the **MFB** on your headset twice.

IMPORTANT The above functions are only applicable to mobile handsets with Bluetooth Handsfree Profile. Functionality varies depending on the mobile handset model you have. Please refer to your mobile handset user guide for additional information.
