Cordless FM headphone

The logo for the SBC HC8350 cordless FM headphone. It features the text 'SBC' in a smaller font and 'HC8350' in a larger, bold font, both in white, set against a dark, rounded rectangular background that resembles the shape of the headphone's earcup.

Standard product information

System information

- Carrier frequency 863.2 - 864.7 MHz
- Effective linear range Up to 100 meters
- Modulation FM

Transmitter information

- Input sensitivity 150 mV
- Audio input connect 3.5 mm stereo jack
- Audio cable length 2 meter (jack to jack)
- Power supply 12 V, 200 mA
- Mains voltage 200 - 230 V
- Auto shut-off Yes
- ALC Yes
- Cabinet material ABS
- Cabinet colour Black
- Graphics colour Light grey

Receiver information

- Type Electro-dynamic
- Acoustic system Semi-closed
- Frequency range 38 - 18 000 Hz
- Sensitivity 106 dB
- Channel separation > 30 dB
- S/N ratio > 60 dB
- Batteries used 2 x R3,AAA (NiCd)
- Playing time 15 hours (with NiCd batteries)
- Mute Yes
- Volume control Stereo
- Cabinet material ABS
- Cabinet colour Black/metallic
- Graphics colour Silver/black

Packaging information

- FM transmitter SBC HC8322
- FM Headphone SBC HC8355
- AC/DC adapter
- Hi-fi audio cable
- Rechargeable batteries
- Recharge cable
- Instructions For Use
- 3.5 - 6.3 mm stereo adapter

Product packaging

- Type giftbox
- Size 210 x 95 x 230 mm
- Material 450 gsm ccnb
- 12NC 9082 100 00123
- EAN 87 10101 64885 9

Inner carton

- Type Carton box
- Size 295 x 230 x 210 mm
- Qty 3 pieces
- EAN 87 10101 98097 3

Outer carton

- Type Carton box
- Size 475 x 305 x 445 mm
- Qty 12 pieces
- EAN 87 10101 98098 0
- Weight 9.2 kg

Country of origin China

Up to 100 meters of free movement; signals go through walls and doors

operating on the new 864 MHz RF technology standard the SBC HC8350 gives you up to 100 meters of moving freedom while you enjoy your favourite sounds. That's because the transmission signal goes through walls and doors and is not affected by other RF-operated appliances.

Works on interference-free 864 MHz RF technology
for high-quality, interference-free stereo sound anywhere in and around the house

Rechargeable system
gives up to 15 hours of music on NiCd batteries for cost-effective operation

High sound quality up to 100 meters
ensures excellent sound quality in stereo and total freedom of movement from the sound source; signals are not affected by walls or doors.

Lightweight headphone design
made from strong, lightweight material, the SBC HC8350 also has an adjustable inner-headband to ensure maximum wearing comfort.

Automatic Level Control
ensures optimum headphone signal reception
