Typically, the steps involve going to the **Settings**, **Connection**, or **Bluetooth** menu on your phone and then selecting the option to discover Bluetooth devices. Your phone will find the Samsung WEP210 headset and ask if you want to pair with it. Confirm this by pressing the **Yes** or **OK** key.
- 2 Enter a passkey or PIN, 0000 (4 zeros), then press the **Yes** or **OK** key.

Test and use

Your phone and headset are now paired and ready to make and receive calls. To confirm they are operating properly, make a call:

- 1 Place the headset over your ear. See **Wear the headset** on the reverse side of this guide.
- 2 On your phone, make a call to the number you want.
- 3 If your phone and headset are successfully paired, you will hear ringing on the headset.
