Sound

High-quality on-ear stereo headphones with open-air design for detailed sound reproduction

Precision

In addition to their timeless design and classic style, the HD 238 headphones offer a high-quality lifelike stereo sound experience. This is the result of combining Sennheiser's advanced acoustic system with powerful neodymium magnets and lightweight diaphragms. These headphones also feature premium metallic components and exchangeable earpads for superior performance and durability. A carrying pouch for safekeeping is included in the delivery.
