

# PC 300 G4ME

## Headset 2 GO

The perfect choice for the gamer who likes to travel: the PC 300 G4ME is a lightweight, in-ear headset

Thanks to 3 sizes of soft silicone ear sleeves, the PC 300 is comfortable to wear and delivers the full Sennheiser audio experience without distracting background noise.

- **In-Ear design** – delivers great Sennheiser sound and cuts out distracting background noise
- **Sensitive omni-directional microphone** – picks up every word for team communications & chat
- **In-line volume control**  
Easy to set for personal preference and environment
- **A perfect fit** – choose between 3 sizes of soft silicone ear sleeve, to find the most comfortable fit
- **Extremely portable** – the PC 300 is lightweight and small, so it's easy to take on the road
- **Extension cable** – the supplied 2m extension cable, makes it easy for gamers to plug in to any PC or laptop when travelling
- **Travel pouch** – a neat flexible pouch protects the PC 300 and the extension cable
- **Easy to use – Great for music too**  
Simply insert the two 3.5mm plugs into a PC and start the game. Also great for music from any iPod or MP3 player and for PC Chat & VoIP
