

PXC 310/PXC 310 BT

Noise Cancelling Headphones

Frequent travelers can finally have it all: aggressive noise cancelling, compact size, high-fidelity audio and options to listen wirelessly. Featuring NoiseGard™ 2.0 technology, the PXC 310 and PXC 310 BT reduce up to 90% of ambient noise and offer a convenient TalkThrough function. Perfect for your next adventure in the skies.

PXC 310

- Reduces up to 90% of ambient noise
- TalkThrough function permits chatting with seatmates without removing the headphones
- Collapsible, metal-reinforced headband with simple folding mechanism
- Intelligent, easy-to-use operating interface
- Neodymium magnets and Duofol diaphragms provide high-fidelity sound reproduction
- Optimized for in-flight entertainment systems (aircraft adapters included) and portable media devices
- Extensive accessories included: in-flight adapters, multi-country recharger, rechargeable Lithium-Polymer battery and carrying case

PXC 310 BT

- Same specifications as the PXC 310
- Bluetooth® 2.1 digital wireless reception technology (listen only) – compatible with countless Bluetooth enabled digital audio devices
- Supports apt-X®: sophisticated audio compression technology for true hi-fi quality
- Sennheiser BTD 300 Bluetooth dongles provide apt-X and Bluetooth audio transmission on-demand (sold separately)
- Works as a wired headphone without NoiseGard or Bluetooth activated
