

RS 160

Feel the Beat

The RS 160 combines the best wireless audio quality with a truly versatile compact transmitter for listening at home, on-the-go or at the office.

The RS 160 consists of a wireless receiver (HDR 160) and a compact transmitter (TX 160) which runs on AC or battery power to best accommodate your application. The transmitter's compact size makes it a natural selection for automotive installs or in dentist/doctor's offices. The RS 160 utilizes KLEER's uncompressed digital wireless audio transmission (it sounds wired!), offering a range of up to 60 feet, audiophile-grade sound and reception to four optional pairs of Sennheiser KLEER headphones. Never fuss with tuning again thanks to automatic, interference-free pairing between the headphone and transmitter.

The headphones' leatherette earpads and headband cushions provide outstanding comfort while their closed, around-the-ear design prevents sound leakage.

This headphone has it all.

Features

- ▶ **Closed, around-the-ear digital wireless headphones**
with Kleer® uncompressed audio transmission
- ▶ **Ergonomic design**
Memory foam vinyl cushions and adjustable headband provide stability and comfort
- ▶ **Compact portable transmitter with multi-receiver capability**
Up to 4 people listening to the same audio source, or use multiple transmitter/receiver combinations in a classroom or office
- ▶ **Digital Volume Control with Mute Function**
Keeps you in total control
- ▶ **No set-up required**
Just plug and play!

 **SENNHEISER**

Technical Data

Model	RS 160
EAN No.	4044155045420
UPC No.	615104170506
Article. No.	502873
Wireless technology	Kleer
Carrier frequency	2.4 - 2.8 GHz (auto selecting)
Modulation	MSK Digital
Range	Up to 60 ft (optimum: line of sight)
Operating time	Up to 24 hours per charge
Audio input	1/8" (3.5mm) stereo plug
Speaker principle	Sealed (closed)
Cable length	Audio connect cable: 3.6 ft
Ear coupling	Around-the-ear
Sound pressure level (SPL)	106 dB
Total harmonic distortion (THD)	<0.5% at 1 kHz
Weight (transmitter)	approx 1.9 oz (without batteries)
Weight (headset)	approx 7.8 oz (without batteries)
Dimensions (transmitter)	3.4" x 3.8" x 1.1"
Frequency response (headphones)	18 Hz – 21,000 Hz
Impedance	32 Ω
Charging time	Empty to full: Approximately 16 hours
Battery	(headphones) 2 AAA NiMH rechargeable (included)
Battery	(transmitter) 2 optional AA sold separately
Operating time	approx. 24 hours
Packaging	
Dimensions (single)	9.0" x 9.9" x 4.1"
Weight (single)	1.7 oz
Dimensions (master carton)	18.5" x 10.2" x 14.1"
Weight (master carton)	12.7 oz
Master carton quantity	6
