

# MX 400/MX 400 RC/ MX 500

## Headphones | Streetwear Headphones

Cat. No. 004853 MX 400  
 Cat. No. 005458 MX 400 RC  
 Cat. No. 004854 MX 500

### General Description

The MX 400 and MX 500 are stereo earheadphones for listening 'on the move'. Very lightweight and comfortable.  
 The MX 400 RC are fitted with a short, asymmetrical connection cable for plugging them into the remote control of portable players.

### Features

- Wide dynamic range
- Excellent bass response
- Dual-sided highly conductive OFC copper cable
- Can be connected directly to personal stereos, CD players, DAT recorders and hi-fi systems
- Earphones come with a practical case with an automatic cord take-up mechanism
- Additional volume control (MX 500 only)
- Colours: MX 400/MX 400 RC black and silver  
 MX 500: blue metallic

### Replacement Parts

- Ear pads (1 pair)

Cat. No. 070826

### Technical Data – MX 400

Frequency response ..... 18 – 20,000 Hz (–10dB/1 kHz)  
 Transducer principle ..... dynamic, open  
 Nominal impedance ..... 32 Ω  
 Max. SPL ..... 125 dB at 1 kHz, 1 V<sub>rms</sub>  
 THD ..... < 1 %  
 Ear coupling ..... intra-aural  
 Weight (without cable) ..... approx. 6 g  
 Connector ..... 3.5 mm jack plug  
 Connection cable ..... approx. 1 m, OFC copper cable  
 (MX 400 RC: approx. 0.7 m)

### Technical Data – MX 500

Frequency response ..... 18 – 22,000 Hz (–10dB/1 kHz)  
 Transducer principle ..... dynamic, open  
 Nominal impedance ..... 32 Ω  
 Max. SPL ..... 125 dB at 1 kHz, 1 V<sub>rms</sub>  
 THD ..... < 1 %  
 Ear coupling ..... intra-aural  
 Weight (without cable) ..... approx. 6 g  
 Connector ..... 3.5 mm jack plug  
 Connection cable ..... approx. 1 m, OFC copper cable
