

### Connection directly to your DVR

### Connecting your camera to your DVR (DVR is not included):

1. Locate the 60 ft. BNC cable, power adapter and the camera.
2. Locate the end of the 60 ft. BNC cable labeled "TO CAMERA".
3. Connect the yellow BNC adapters on the 60 ft. BNC cable to the yellow BNC adapters on the camera.
4. Connect the red power adapter on the 60 ft. BNC cable to the red power adapter on the camera.
5. Locate the end of the 60 ft. BNC cable labeled "TO DVR".
6. Connect the yellow BNC adapter on the 60 ft. BNC cable to channel input on the back of the DVR.

The channel inputs are labeled by number.

7. Connect the red power adapter on the 60 ft. BNC cable to the male end on the power supply.
8. Plug the power adapter into a wall socket / surge protector or security battery backup  
(Please keep in mind, the surge protector or security battery backup are not included).
9. Your camera is now connected and is ready for use.

**NOTE:** Connect the camera and cable to the DVR before mounting to ensure that they function properly.
