SPECIFICATION FEATURES

Material

Solid bronze with a white acrylic diffuser for CFL and Incandescent and clear tempered refractive glass for MH.

Finish

Natural bronze or two component polyurethane paint, 2.5 mil nominal thickness for superior protection against fade or wear. Standard: Natural Bronze (NBZ). Note: Bronze will weather to a dark bronze patina. Premium: Black (BK), Grey (GY), White (WH), Dark Platinum (DP), Graphite Metallic (GRM), Silver Metallic (SM), Gold Metallic (GM), Bronze Metallic (BM), Verdigris (VG) or Custom Color (CC).

Optics

Refer to www.shaperlighting.com for complete photometrics.

Ballast

Integral electronic HPF, multi-volt 120/277V (347V Canada), thermally protected with end-of-life circuitry to accommodate specified lamp wattage. Metal halide ballasts are electronic HPF, multi-volt 120/277V for the specified lamp wattage. 347V ballast for metal halide - Contact factory.

Lamp/Socket

One (1) 26W, 32W (GX24q-3) or 42W (GX24q-4) triple CFL lamp, one (1) 50W or 70W ED 17 metal halide lamp or one (1) 60W A-19 lamp. CFL socket injection molded plastic. Metal halide socket is ceramic pulse-rated, 4KV. INC socket fired ceramic rated for 660W-250V. Lamps furnished by others.

Installation

Supplied with a mounting back for a standard 4" J-box or stucco ring. Optional rear (through wall) feed conduit mounting.

Options

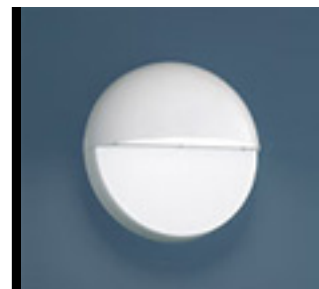

Rear (through wall) Feed Conduit Mounting (C), Quartz Restrike - MH only (QR). Energy Star Rating - Consult Factory.

Labels

U.L. and C.U.L. approved for wet location.

Modifications

Shaper's skilled craftspeople with their depth of experience offer the designer the flexibility to modify standard exterior wall luminaires for project specific solutions. Contact the factory regarding scale options, unique finishes, mounting, additional materials/colors, or decorative detailing.

Notes:

- ¹ CFL and MH only.
- ² Available with CFL only.
- ³ Premium TGIC polyester powder coat paint, 2.5 mil nominal thickness for superior protection against fade and wear.
- ⁴ Bronze will weather to a dark bronze patina.
- ⁵ MH only.

DARK SKY

Shaper offers a selection of exterior luminaires that are "Dark Sky Compliant". The IESNA (Illuminating Engineering Society of North America) defines Full Cut-Off as fixtures with light distributions of 0% candela at 90° and 10% at 80°. Full Cut-Off luminaires carry the endorsement of the International Dark-Sky Association (IDA) for their effectiveness in limiting the detrimental effects of sky glow, also referred to as "Light Pollution". Many exterior luminaires offer a clear, tempered glass option that meets the IES criteria for Full Cut-Off.

ENERGY STAR

Shaper now offers a wide variety of fixtures that can be provided with an Energy Star Rating.

SUSTAINABLE DESIGN

Shaper has a long-standing history of offering environmentally-friendly fixtures. The copper and bronze alloys used in our exterior luminaires feature up to 98% recycled content, contribute less undesirable air emissions compared to painted aluminum and are easy to recycle.
