DESCRIPTION

ONE/TWO LAMP

The Metalux Residential Strip Lighting Series is a functional and multi-purpose strip family that incorporates premium performance and construction durability. The Strip Lighting Series can be installed using various mounting methods. The Series can be the illumination solution in commercial, industrial, retail and residential applications. The One and Two Lamp Strips can be used in indirect lighting, luminous ceilings, cove lighting storage/utility areas, task and general area lighting.

SIDE MOUNT

The Metalux Residential Strip Lighting Series is a functional and multi-purpose wide strip family that incorporates premium performance and construction durability. The Strip Lighting Series can be installed using various mounting methods. The Series can be the illumination solution in commercial, industrial, retail and residential applications. The side mounted strips are ideal for restricted spaces where indirect illumination is required, cove lighting, alcoves and luminous ceilings.
