

DIMENSIONS

DESCRIPTION

The floating appearance of the Softside compliments any decor with full, low brightness illumination. The soft floating profile of the frameless diffuser provides an appearance that is in tune with today's residential and commercial environments. With a wide variety of modular shapes and sizes, there is a Decorative Softside fixture for virtually every space and decorating possibility. The fixtures add the right touch to the kitchen, den, living room, bathroom, office or recreation room.

MODULAR FLUORESCENT SOFTSIDE CLOUD

- Utilizes Dur-illum lens technology which eliminates breakage when using acrylic lens
- Dur-illum 2200 material is naturally resistant to color shifts when exposed to UV typical of fluorescent lamps (lens will not yellow).
- The new white clips eliminate existing shadows while reducing sharp edges and promoting safe handling.
- Equipped with energy saving ballasts/complies with federal energy efficiency standards
- Soft floating cloud appearance for full illumination
- Die formed steel housing/baked white finish
- Variety of modular shapes and sizes
- Lift and shift frame assembly for ease of service and re-lamping
- Tuff-r-Puff durable acrylic lens
- UL/CUL Listed. Suitable for damp locations.
