SUSTAINABLE DESIGN

Shaper has a long-standing history of offering environmentally-friendly fixtures. The copper and bronze alloys used in our exterior luminaires feature up to 98% recycled content, contribute less undesirable air emissions compared to painted aluminum and are easy to

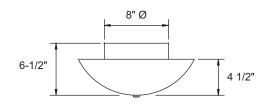

MAGNETIC RESONANCE IMAGING (MRI)

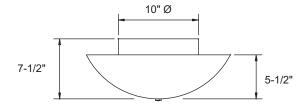

Lighting fixtures for MRI facilities are specialized and unique, requiring nonferrous construction. Fluorescent fixtures cannot be used due to the ferrous parts in ballasts and lampholders. Modified incan-descent fixtures meet the requirements.

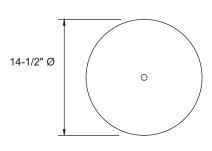

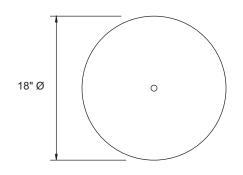

Shaper now offers a wide variety of **Energy Star Rating**
