FOR EXCEPTIONAL SUPPORT

METRUS™

Created by renowned designer  
**ZOOEY CHU**

Introducing Metrus, an executive and managerial seating series with ergonomic adjustability.

**4519-1** - High Back Synchro Tilter with Height Adjustable Arm  
Shown in Idiom Fabric Gold Mine (09071203)

**4519-3** - High Back Multi-Tilter with Height Adjustable Arm  
Shown in Idiom Fabric Gold Mine (09071203)

**4516-1** - Executive High Back Tilter with Fixed Loop Arm  
Shown in Contract Leather Dark Brown (D531)

Metrus is about adjustability, style and comfort. Cast aluminum features include stylish loop arms with soft, durable self-skinned urethane armcaps and a deeply sculptured seat and back.

An adjustable lumbar support can be increased and/or reduced thus providing the perfect "fit" and exceptional comfort. This customized support helps to avoid back pain and muscle fatigue.

**Headrest:** Adjusts to support your head by tilting forward and backwards to match your personal requirements.

**Backrest:** Features side bolsters to accentuate the deeply sculptured seat and back. The lumbar area adjusts in and out to conform to the shape of your back. Simply turn the knob at the bottom of the back to adjust the lumbar position that's right for you.

**Arm:** Fixed height, stylish aluminum loop arms with self-skinned urethane armcaps are generously wide and comfortable. Upholstered armcaps are optional.

**Height Adjustable Arm:** Height adjustable, stylish aluminum loop arms with urethane armcaps allow arm to be adjusted vertically at set increments.

**Seat:** An exaggerated saddle style sculptured seat provides the ultimate in comfort and even body weight distribution. The back moves in and out from the seat to provide the right seat depth for your legs.

**Base:** Strength and durability are epitomized in the handsome arched aluminum spider base with black accents.

# METRUS™

The Metrus frame is finished in two distinctive colors – Polished Aluminum or optional Black finish. This durable epoxy finish is applied to the aluminum arm, base and back frame and co-ordinates with the finishes that are offered with many of Global's other products.

Polished Aluminum (ALU)

Black (BLK)
