

POLE SAW ASSEMBLY

Pole/Bracket Replacement Kit - 110731R

⚠ WARNING: Verify both saw and pole are not connected to power source before assembly.

ASSEMBLY PROCEDURE

1. Push in and hold trigger lockout button. Squeeze and hold trigger. (see Figure 1, Steps 1 and 2)
2. Continue to hold trigger while sliding the handle bracket onto chain saw handle (see Figure 1, Step 3). The trigger support on the bracket will hold the trigger in the "ON" position (see Figure 2).
3. Attach pole assembly to chain saw. Align the holes in the pole bracket and handle bracket. Using four Philips head screws and lock washers provided, insert screws through lock washers and holes in pole bracket. Tighten screws securely with screwdriver into weld nuts of handle bracket (see Figure 2).
4. Plug chain saw power cord into receptacle end of pole assembly power cord (see Figure 3).

Step 3 - Slide Handle Bracket onto Chain Saw Handle. *Note:* Verify Trigger Support is Under the Trigger and the Trigger is in the "ON" Position.
