General Description

Innovative, simple to install non-ic remodeler kit used for installation in both existing and inaccessible ceilings. A problem solver for old plaster ceilings, irregular conditions, residential applications (Non-IC), and ceilings up to 2" thick. Flanged mounting ring attaches to ceiling from below with 3 retaining clips. Accepts various reflector trims listed above. Lighting characteristics and aperture finishes are the same as the standard downlights (see Lightolier specification sheets for trims listed above).

Features

1. Snap-on Die-Cast Aluminum Socket Cup
2. Die-Formed Steel Frame
3. Mounting Frame Retaining Spring Clips
4. Reflector Retaining Spring Clips
5. Nail Pins secure J-Box onto ceiling
6. Thermal Protector meets NEC and UL requirements. Insulation must be kept 3" away from fixture sides and wiring compartments and must not be placed above fixture in a manner which will entrap heat.
7. Junction Box: Suitable for 90°C supply wiring connections.

Labels

UL listed for damp locations, I.B.E.W.
