

NEW!

Panasonic Introduces... Ultra Long Life CFL's

Recessed Fixtures

Lamps

Ceiling Fixtures

Outdoor Lighting

Barn Fixtures

15,000 Hour CFL's!

15,000 Hour Lamp Life

- Panasonic CFL's last up to 15 times longer than regular incandescent lamps and that results in a lower frequency of expensive re-lamp projects

Full 60, 75 & 100 Watt Equivalent Light Output

- 13, 18, 20, 24 and 25 watt CFL's provide traditional levels of light output and consume up to 70% less energy

End-of-life (EOL) Protection

- At the end-of-life, this technology safely cuts off the current flow to prevent overheating

Versatile Applications

- Suitable for indoor or outdoor use with a minimum starting temperature of -30°C
- Quick ramp-up time provides almost instant light for added security and convenience
