

# AquaLights

IMAGEO

**Bring intriguing spa effect to the home.** The IMAGEO AquaLights is a set of three floating lights in a truly stunning white design. Ideal for water-filled decorative vases and for recreating a romantic health spa look in the bathroom, they feature an elegant translucent stalk that contains the LED lighting. It is a convenient and appealing way to add lighting effects to water features without the hassle and cost of built-in spots or the risk of a real flame. AquaLights are rechargeable using the wireless induction charger, and provide an amazing 20 hours of intriguing light gently floating over the water.
