- Pivot: 90°
- Swivel: +/- 65°
- Tilt: -5° to 25°

Dimensions

- Height adjustment range: 130 mm

Related Products

- Works with: 200W6

Highlights

ScreenRotate

ScreenRotate makes it possible to use a monitor in either the landscape and portrait mode; to change orientation for a better view of a selected document or image, the monitor is rotated to the desired orientation.

Adjustable height

Adjustable height is the ability of a monitor to travel up or down on its base and lock into position when the desired height is reached, delivering a comfortable, individualized viewing angle that is just right for the user's height, weight, body-type and posture, alleviating possible eyestrain or fatigue that can come from long hours working on a computer.

Screen tilt and swivel

Screen tilt and swivel is a mechanism built into the base permits the monitor to swivel and tilt backward or forward.

SEB cable management

Cable management is a system that maintains tidy workspace by organizing cables and wires required for the operation of a display device.
