- Baked white enamel finish
- Opal white drop dish diffuser
- Suitable for damp locations
- UL/CUL Listed

DESCRIPTION

The Metalux Residential Modular Steel Side Series features economy and energy efficient performance. The luminaire's sides are riveted to the end plate in each upper corner. This rivet serves as a pivot point from which the side member "swings out" 90° from vertical. Either or both sides may be pivoted, which allows full luminaire access for lamp replacement and servicing. The efficient and economical Modular Steel Side Series is the perfect luminaire for kitchens, family rooms, dens and finished basements.

DIMENSIONS⁽²⁾
