

HP recommends Windows Vista™ Home Premium

# has arrived!

The HP Pavilion dv6300 series Entertainment Notebook PC rewards you with stunning entertainment features and amazing duo core performance – all in a stylish and highly mobile chassis. With optional HP BrightView technology, the 15.4-inch screen comes to life. Allied with the omni-directional microphones and optional Nvidia discrete graphics, gaming performance is spectacular too. It also integrates one-touch media access with HP QuickPlay, high performance Altec Lansing speakers, and dual headphone jacks support, for a full-featured entertainment experience. Not to mention, Intel® Core™ 2 Duo processor and Windows Vista™ operating system, for superb response and enhanced multi-tasking ability. With the HP Pavilion dv6300 series Entertainment Notebook PC, mobile digital entertainment has truly come of age.

Enjoy the comfort of a desktop experience with the convenience of a notebook.

**HP Notebook QuickDock**  
Stay connected to everything—power, peripherals, entertainment and Network—with a single cable\*. Say hi to a cleaner and neater work area with the HP QuickDock that works right out of the box.

\* When using a notebook that requires the Expansion Accessory adapter, the monitor must be connected directly to the notebook's VGA port.

**HP 12-cell and 6-cell battery**  
Double your battery life and do more on the go. With the extended battery performance in your bag, you will always be prepared for anything.

YOUR TICKET TO GREAT ENTERTAINMENT ANYWHERE.

HP Pavilion dv6300 series  
Entertainment Notebook PC

## Experience a new design sensation.

The HP Pavilion dv6300 series Entertainment Notebook PC employs an innovative moulding and imprint technique, that protects the signature wave motif with a hard glossy layer. It also incorporates a new latchless screen mechanism that opens in one graceful motion, making it a joy to use.

HP recommends Windows Vista™ Home Premium

### 15.4" Widescreen entertainment with optional HP BrightView technology

Enjoy widescreen display performance complete with vivid colours, smooth video and sharp imagery. Keep multiple documents in view or enjoy the latest High Definition\*\* content in their full splendour thanks to WXGA resolution of 1280 x 800.

### Listen in style – Altec Lansing speakers

Engineered to deliver crystal clear high notes as well as wholesome, rich bass tones, the integrated Altec Lansing speakers are an audio experience not to be missed.

ALTEC LANSING

### Super fast wired or wireless networking

Equipped with 10/100/1000 integrated Gigabit LAN (discrete board only), even the largest video or data files are dispatched with utmost speed over an Ethernet network. It allows you to stream high-quality video, music and more to anywhere you like. And with built-in wireless networking support for 802.11a/b/g, wireless communication is fast and fully compatible with any network.

### Intel® Core™ 2 Duo processor

Experience the most responsive computing experience yet. This new processor sports an enhanced 64-bit data channeling structure and with two execution cores. Play graphics-intensive games or run demanding business programs – while downloading content from the Internet or running virus-scanning security programs in the background. Intel® Core™ 2 Duo now does it faster, smoother and more efficiently, while providing compatibility with 64-bit enabled applications.

### Remote control

Control CDs and DVDs from the comfort of your easy chair. You can now switch between photos, music and videos with just one touch.

NEW with Windows Vista™!

### 1.3 Megapixel webcam (optional)\*

Make video calls or your own movies with the integrated webcam. Thanks to its 1.3 Megapixel resolution, video and still images are crisp and clear. And with two omni-directional microphones, it's easy to make yourself heard wherever you are seated.

\*Available on selected models only.  
\*\*High Definition content (e.g. WMV HD files) is required to view high-definition images. Most current DVDs do not provide high-definition images.

### Enjoy your entertainment with Windows Vista™

Extend your digital photography experience by creating and sharing your photos anywhere using HP Photosmart products and services that are designed to work seamlessly using Windows Vista™.

### Dual headphone jacks with SPDIF support

Share the joy of your audio entertainment with the dual headphone jacks support. Coupled with SPDIF output capability, it's easy to connect the notebook to a home entertainment system and audio decoders to experience DVD movies and other contents.

### HP QuickPlay 3.0

Watch DVD movies and home videos, listen to music, browse photos – with enhanced user interface that enables better navigation of content. Access content from the hard disk and DVD drives for instant playback, and enjoy new feature like the Karaoke module. HP QuickPlay utilizes the new Windows Vista™ capabilities for an all-rounded entertainment experience.

### DVD±/- RW with Double Layer LightScribe technology

Here's a DVD drive that even labels your disc for you! LightScribe Direct Disc Labeling technology burns labels directly onto your CDs and DVDs. Simply insert a LightScribe compatible CD or DVD and a silkscreen quality disc label is easily laser-etched onto the disc.

### 5-in-1 memory card reader

Whether your images are stored on Secure Digital™, MultiMediaCard™, Memory Stick®, Memory Stick PRO™ or xD-Picture Card™, you can view or share your photos with ease with the 5-in-1 memory card reader.

Dual headphone jacks with SPDIF support

HP QuickPlay 3.0

DVD±/- RW with Double Layer LightScribe technology

5-in-1 memory card reader

## Let your entertainment take off with capacitive buttons!

The capacitive buttons are like airport runways. They allow fast, direct access to your entertainment. Imagine having all your videos, music and photos always ready for takeoff. Just touch the button for instant enjoyment. It's that cool.

### Media control buttons

Each button is backlit for easy access even under dim conditions – so you can play, pause, forward or rewind with ease.

### Time to play

Your favorite HD-DVD and DVD movies are only a touch away for takeoff. Just touch the button for instant enjoyment. If you wish to listen to your MP3 collection or view photos directly from your personal folder, just hit the media button. The QuickPlay screen will help get to the entertainment you want rapidly.

### Mute and volume control

Need to answer your phone while watching a movie? Just hit the 'mute' button. Want to add more punch to audio effects? Simply slide your finger across the volume pad. It's so easy.
