Pure Multimedia Power.

The HP Pavilion 9690C has unlimited potential. From the turbo-charged Intel® Pentium® III processors to the exhilarating multimedia experience of DVD to the customized music-making abilities of the HP CD-Writer Plus, the HP Pavilion 9690C helps you accomplish goals, explore your creative side and discover the new frontiers of the Internet. Ultimately, the HP Pavilion 9690C is designed to give you everything you need for home computing.

Home Computing Powered For The Internet.

You will realize the promise of the Internet with the HP Pavilion 9690C PC. Straight out of the box, this is a home PC that is optimized for online productivity. Our industry-leading web partners complement your browsing style and make it easy to get up and running. Our one-touch Internet keyboard and the HP Internet Center deliver a completely customized web experience, making all of your favorite online destinations instantly accessible with the touch of a button. And we've built the HP Pavilion 9690C PC for speed, including features such as the 10/100BaseT network card and a Digital Lucent WildWire™ DSL modem so that you can benefit from today's powerful broadband access technologies. The Internet: it's a big reason why you buy a home PC ... And it's a big reason why you should buy the HP Pavilion 9690C PC.

Your Personal Music Machine.

The HP Pavilion 9690C PC has serious musical talent. Among the cool musical features is the HP CD-Writer Plus, an integrated music tool that delivers a versatile set of features. It enables you to make your own customized audio CDs by pulling songs straight from the Internet. Then, you can store, organize and play those CDs right from your PC. The HP Pavilion 9690C PC also comes equipped with jukebox software from MusicMatch, allowing you to download and play a wide variety of digital music and create your own customized playlists. The sonic experience delivered by the HP Pavilion 9690C PC is ultimately complemented by premium Polk Audio stereo speakers and centrally-located audio controls on the HP one-touch Internet keyboard. Clearly, if music is your thing, the HP Pavilion 9690C PC is playing your song.

It's not just a PC. It's an HP.
