

# HP Compaq nx7400 Business Notebook PC

HP recommends Microsoft® Windows® XP Professional

Packed with the latest technology and an impressive combination of mobile office features, the HP Compaq nx7400 Business Notebook PC offers low cost business computing without compromising on performance. This thin and light notebook is equipped with a widescreen display, excellent battery life and is compatible with a range of award-winning HP accessories for the complete business solution.

#### Technology in tune with your needs

Built around new Intel® Core™ Duo processors the HP nx7400 is designed for maximum productivity allowing simultaneous use of multiple applications so you can accomplish more in less time. A choice of either a 15.4-inch TFT WXGA display with Antiglare or BrightView technology means you can select the right screen to suit your requirements. The initial primary battery life of 3h 30m can be increased to 6h 45m with the optional HP Extended Life Battery or to an impressive 11 hours with the HP Ultra Capacity Battery.

#### Reliable mobile computing

A Comprehensive Testing Program combined with a strong and durable casing help to safeguard your notebook from damage. Yet the innovative design keeps the total weight at just 2.54 kg and at only 30 mm thin the HP nx7400 is a truly portable business tool. The integrated HP Mobile Data Protection System helps to reduce shock and vibration experienced during normal use. HP Backup and Recovery is a convenient and easy to use solution designed to offer either automatic or manual backup.

#### Integrated security solutions

The HP nx7400 features HP ProtectTools – an integrated portfolio of software applications providing secure management of your notebook, data and network connections. HP DriveLock Technology helps protect your hard drive from unauthorised access even when the drive is removed from your notebook.

#### Features and accessories for the complete solution

A range of intuitive and power-saving features as well as HP notebook accessories, including the HP Advanced Docking Station, ensure you have everything you need to get the most out of your business.

**Integrated HP ProtectTools provide secure management of your notebook, data and network connections.**

Affordable widescreen mobility
