TOSHIBA Official IT Partner

MOBILITY AND PERFORMANCE

- Stylish mobility and elegance in a sleek notebook weighing 2.80kg
- Choice of new Intel® Centrino® Mobile Technology, featuring Intel® Core™ Duo/Solo Processors for thrilling personalised entertainment on the move, or an Intel® Celeron® M Processor for the perfect balance of mobile performance and value
- Get enhanced capabilities for audio, digital video and communications thanks to ATI Mobility Radeon® Xpress 200m or Mobile Intel® 945GM graphics
- Mobile performance gets a boost courtesy of the high-capacity, high-speed Serial ATA hard disk drive and support for up to 4GB of DDR2 Dual Channel memory on selected models

MOBILE MULTIMEDIA

- 15.0" XGA TFT Display for bright visuals and the space to work comfortably
- Choice of DVD-SuperMulti drive (Double Layer) to burn up to 8.5GB of data, 4 hours of DVD quality video or 2,000 songs onto a single disk or DVD combo drive
- Built-in TV-out port to connect your notebook to a TV, providing an extended platform for interactive gaming, presentations or watching films

ALL-IN-ONE CONVENIENCE

- Genuine Microsoft® Windows® XP Professional with standards-based security, manageability and reliability or Genuine Microsoft® Windows® XP Home Edition pre-installed
- Toshiba ConfigFree™ software simplifies wired and wireless connectivity
- Genuine Microsoft® Office OneNote™ 2003 bundled for quick and easy note organisation plus a vast selection of software and utility tools for maximum productivity, seamless networking and extended connectivity
- Wireless LAN (on selected models)
- Internal international V.90 modem (V.92 ready)
- 10/100 Ethernet LAN port
- 4 USB ports
- 1 PC Card slot

Please direct all enquiries to:

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modelling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba website: computers.toshiba-europe.com and/or contact Toshiba Technical Support. For PC's configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. One GB means one billion bytes. Battery life may vary depending on applications, power management settings and features utilised. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba websites at computers. toshiba.nl or computers.toshiba.be. Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. Intel, Intel logo, Intel Inside, Intel Inside logo, Intel Centrino, Intel Centrino logo, Celeron, and Pentium are trademarks or registered trademarks of Intel Corporation or its subsidiaries in the United States and other countries.
