Weighing from just 2.67 kg !

Stylish design

- Sleek, anthracite notebook weighing from 2.67 kg eases your entry into the world of mobile computing

Mobility and performance

- Powered by the Intel® Celeron® M processor for the perfect balance between proven mobile processing technology and exceptional value

- Intel® 852 graphics chipset designed to deliver breakthrough performance at lower power with up to 64 MB RAM

Mobile multimedia

- 15" XGA high-resolution display for a bright picture and the space to work comfortably

- SRS® TruSurround XT™ technology delivers virtual surround sound and 3D audio effects for cinema-like audio input or immersive gaming

- DVD combo drive or DVD Super Multi drive enables full multimedia playback / reads, writes and copies to all CDs and DVDs (depends on configuration)

- A dedicated Multimedia Bar with Easy Keys manages optical disk drive functionality and provides convenient one-touch CD/DVD/MP3 player control

All-in-one convenience

- Microsoft® Windows® XP Professional with standards-based security, manageability and reliability or Microsoft® Windows® XP Home Edition pre-installed

- Move between various work locations with greater ease using pre-installed Toshiba ConfigFree™ software which simplifies the way you automatically connect to your wired and wireless network profiles

- Microsoft® Office OneNote 2003™ bundled for quick and easy note organisation plus a vast selection of software and utility tools for maximum productivity

A choice of up to three ways to connect

- Built-in dual-mode Wi-Fi™ 802.11 b/g Wireless LAN (on selected models)

- Internal international V.90 modem (V.92 ready)

- 10/100 Ethernet port

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modelling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: computers.toshiba-europe.com and/or contact Toshiba Technical Support. • One GB means one billion bytes, accessible capacity may be less. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at computers.toshiba-europe.com. • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. • Weight may vary depending on actual configuration. • SRS® TruSurround XT™ is only available for WinDVD applications.
* Microsoft® Office OneNote™ 2003 is not available in all countries. For further information contact your Toshiba Authorised Reseller.
