Amazing performance, breathtaking mobile multimedia. The ultimate all-in-one notebooks for today's PC user.

The Satellite / Satellite Pro series

Action-packed multimedia
Stunning graphics, outstanding sound and superb high-resolution screens support thrilling gameplay, movie-viewing and sophisticated presentations, neatly combining business and pleasure.

Extreme power
Harness the power of the best technology on the market to do anything you want. These systems offer the perfect combination of multimedia, high-level specifications and top performance to effortlessly meet every need.

Feature-rich connectivity
Don't tie yourself down. Get connected anytime, anywhere with state-of-the-art integrated communications.

Hot design
Great looks are backed by cool design features, including an all-in-one combination of optical drives and HDDs that delivers maximum flexibility for every scenario.

Easy does it
The latest software applications offer instant out-of-the-box enjoyment and productivity. A host of practical features ensure the best possible user experience.

The A50 series

Sleek and powerful. Experience mobility at an affordable price.

Style needs not always come at a high price. The slim and sleek Satellite A50 offers users affordable mobile productivity with its processing power, wireless communication technology and longer battery-operating time, providing maximum mobility throughout the day. With easy access to the Internet, e-mail, multimedia and CD or DVD drive capabilities, users can share ideas and conveniently manage large amounts of data quickly and effectively.

- Choose mobility with either the Intel® Celeron-M or the Intel® Centrino™ mobile technology including Intel® Pentium®-M processor, providing maximum power, enhanced performance and ultimate reliability

Desk-based accessories

Everything you need for working in the office, from full-sized keyboards to monitor stands.

The P10 series

Widescreen entertainment to go.

Offering both affordability and mobility, the Satellite P10 fits your style and your budget. Combining a lightning-fast graphics processor and an impressive 15.4" widescreen display, this notebook has everything it takes to make a big impression. With a broad range of multimedia capabilities packed into its stylish design, the Satellite P10 series provides great all-round entertainment.

- The latest Intel® Pentium® 4 processor and 512 MB DDR RAM offer outstanding performance, while the 60 GB hard drive is ideal for video editing or music storage
- i.LINK®, Fast InfraRed, an SD™ Card slot and three USB ports offer fast and flexible connectivity to peripherals
- SRS® TruSurround XT™ technology offers compelling virtual surround sound effects
- Large 15.4" widescreen display featuring 16:10 ratio for pin-sharp picture quality with a cinematic feel
- ATI MOBILITY™ RADEON™ 9700 graphics with 64 MB RAM and Microsoft DirectX® 9.0 support help deliver spectacular graphics and video performance
- DVD Super Multi drive enables full multimedia playback and writes to all CD and DVD standards at optimal speed

The P20 series

Cinematic widescreen multimedia goes mobile.

The Satellite P20 multimedia showcase takes the imagination to an astonishing new level. Its sensational 17" widescreen display, supported by cinematic-quality NVIDIA® graphics and Harman Kardon stereo sound, provides unprecedented theatre-style computing on the go. This fully-fledged mobile entertainment platform gives you true desktop replacement, wrapped in an innovative red and silver case that stands out from the rest.

- Super-crisp Wide View 17" display, outstanding Harman Kardon audio and SRS® TruSurround XT™ virtual surround sound effects deliver real cinematic-standard mobile entertainment
- NVIDIA® GeForce™ FX Go5700 with Microsoft DirectX® 9.0 support generates faster, smoother special effects for superior 3D gaming
- Latest Intel® Pentium® 4 processing, 3.40 GHz, 1,024 MB DDR RAM and 80 GB HDD run big multimedia tasks effortlessly
- Unique twin Module Bay design features a Module Bay DVD Super Multi drive and a Module Bay main battery that can easily be exchanged with other optional modules for further functionality
- Integrated Wireless LAN 802.11b/g (up to 5x faster than 802.11b) for high-speed access to company networks or the Internet
- Innovative red and silver styling concept with multi-coloured LED palm rest keys makes a major style statement (IF design award 2004)
