

## 'ello Tosh Gotta Toshiba?

# SATELLITE PRO P100

Enjoy video and audio performance at its best

For the **ultimate multimedia companion**, the Satellite Pro P100 provides breakthrough performance in a sleek **17.0" TruBrite® display**. **Ideal desktop replacement with great entertainment, gaming and multimedia features.**

### INNOVATIVE DESIGN AND PERFORMANCE

- Intel® Centrino® Duo Mobile Technology including dual-core processor and support for up to 4GB of DDR2 memory gives you thrilling personalised entertainment on the move
- Go mobile in style with the Satellite P100's elegant and dynamic sunlight-copper design

### SUPERLATIVE VIDEO ENTERTAINMENT

- Outstanding 17.0" WXGA+ display featuring Toshiba TruBrite® technology for amazingly brilliant, sharp colours to show movies in full widescreen glory
- Choice of Mobile Intel® 945PM Express chipset and the latest nVIDIA® GeForce® Go 7 Series graphics, delivering best-in-class graphics and performance for gaming and video applications
- Enjoy the ultimate thrill of high-definition viewing thanks to "HD to go" from Toshiba
- Built-in DVI-D port to display HD digital content on an external digital TV
- DVD-SuperMulti (double layer) drive burns up to 8.5GB of data, 4 hours of DVD-quality video, or 2,000 songs onto a single disk

### STATE-OF-THE-ART AUDIO QUALITY

- Integrated Harman Kardon® stereo speakers for enhanced sound capabilities and a broader range of frequencies
- SRS® TruSurround XT™ audio technology provides a richer, virtualised surround sound experience
- With SRS® WOW you perceive a panoramic 3D audio listening experience

### ALL-IN-ONE CONVENIENCE

- Easily manage your multimedia needs using the Toshiba remote control, which slides into the PC Card slot for mobile usage
- Integrated numeric keypad for convenient number input
- Microsoft® Office OneNote™ 2003 bundled for quick and easy note organisation plus a vast selection of software and utility tools for maximum productivity
- Mobile working is simplified with Toshiba ConfigFree™ for seamless wired and wireless connectivity

### EXTENSIVE CONNECTIVITY AND EXPANSION FEATURES

- Wireless LAN 802.11a/b/g
- International V.90 modem (V.92 ready)
- Gigabit Ethernet LAN port for fast wired network connection
- i.LINK® (IEEE1394) port
- 5-in-1 Bridge Media slot (supports SD™ Card, Memory Stick®, Memory Stick Pro™, MultiMedia Card™, xD-Picture Card™)
- ExpressCard slot to add next generation of fast "plug-in" I/O cards

Please direct all enquiries to:

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: [computers.toshiba-europe.com](http://computers.toshiba-europe.com) and/or contact Toshiba Technical Support. Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. For PC's configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. One GB means one billion bytes, accessible capacity may be less. Wired and wireless communication capabilities to be applied in countries where approved. Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at [computers.toshiba-europe.com](http://computers.toshiba-europe.com). Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. SRS® TruSurround XT™ is only available for WinDVD applications. SRS® WOW™ is only available for Windows Media Player 9 in standard Windows interface. Please check your system specifications to ensure optimal results. Microsoft® Office OneNote™ 2003 is not available in all countries. Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis
