V550 Nano Cordless Laser Mouse for Notebooks

Harmony® One

Touch screen simplicity!

The powerful yet easy-to-use Harmony One controls up to 15 devices in an intuitive way. Its colour touch screen gives your family easy, one-touch access to the home entertainment activities you love, such as watching a DVD or TV.

Harmony® 555

The easy-to-use solution, with no compromising on design. The affordable Harmony 555 offers a world of contrasts and opportunities. Define what actions you want your system to perform through the guided online setup, then press a single button to activate up to 15 home entertainment devices.

Harmony® 525

Simple, one-touch control at unbeatable value. With its modern looks and simplified button layout, the Harmony 525 provides intuitive and simple control of your entertainment system. It controls up to 10 devices, including satellite and cable.

Harmony® 1000

Simplicity you can touch. The Harmony 1000's touchscreen with large, colourful, activity icons delivers an entirely new level of ease and functionality. Just touch "Watch DVD" and the Harmony powers on your TV, DVD, stereo, sets the inputs and even presses play.

Harmony® 895

Control of all your devices, even those in the cabinet. The Harmony 895 controls up to 15 devices inside cabinets, through walls and floors, using both infrared and radio frequency transmission. Once the remote is set up, you only need to press one button to launch a movie on your home cinema! Supplied with one RF wireless extender.

Harmony® 785

A combination of design and functionality. A graceful, flat remote with an easy-to-read colour interactive display and rechargeable battery, the Harmony 785 lets you control your entire home entertainment system (up to 15 devices) with just one button.

NEW Harmony® 515

Replace up to 5 remotes with Harmony. Logitech's most affordable universal remote control lets you effortlessly control up to 5 home entertainment devices, freeing your living room from the clutter of multiple remotes.

NEW
Indoor Camera

Monitor your home or office
 The indoor camera can be mounted on the wall, attached to a window with a suction cup – either looking towards the outside or the inside – or placed on a flat surface using the desktop stand.

NEW
Outdoor Camera

Watch exterior locations
 Monitor entrances and driveways with the outdoor camera. The weatherproof, waterproof design ensures year-round use – even under harsh conditions.

Revolutionary video security for everyone

Acclaimed ease, affordability and convenience; that's what Logitech's digital video security systems deliver. These high-quality colour video cameras provide everything you need to secure your home, apartment or business.

An accessible solution for homes and businesses

Affordable cameras and easy installation put self-monitoring within reach of many households and small businesses.

Mix-and-match versatility

Expandable for maximum coverage: add up to five Logitech Indoor, Outdoor or Clock Cameras in any combination.

Wonderful ease

Installation takes 15 minutes. There are no new wires to run and no network configuration to set up.

Free online viewing

Log in to a secure, web-based account to view the video online – anywhere, anytime. You can even receive motion-based alerts by e-mail.

Software and manual are available in English, French, German, Spanish and Portuguese.

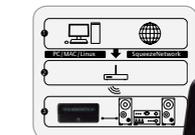

NEW
Squeezebox™ Boom

Plug it in. Turn it on. Rock the house.
With its built-in speakers, amplifier and remote control, Squeezebox Boom is an awesome all-in-one music player that brings the digital music you love to any room of your home. All in a compact size.

Squeezebox™ Duet

Spin. Click. Groove.
Squeezebox Duet delivers your digital music collection to your stereo, so that you can listen to the music you love in every room of your home. You can even enjoy Internet radios and online music when your computer is off. Browse, select and play from the palm of your hand, and enjoy all the features of the Squeezebox product offer.

Squeezebox™ Classic

Music, your way
This fantastic player transmits a wide variety of digital music files from your computer to your stereo, including uncompressed or lossless formats—across a true 802.11g wireless network connection. Enjoy the widest choice of listening options including thousands of Internet radio stations or your own music collection through the MP3 Tunes online music locker, even if your computer is off.

Transporter

Inspired by music. Engineered to delight.
The top-of-the range network digital music player for audiophiles, Transporter streams digital music to your stereo with sound quality that surpasses compact disc players. At its heart is a "no compromise" attitude to component selection and electronic design.

NEW
Pure-Fi Dream™

Amazing sound, ingenuity and style
A premium bedroom music system for iPod® that delivers high-quality audio, Pure-Fi Dream features dual alarms with battery backup, digital AM/FM radio, an auto-dimming display, motion-activated backlit controls and motion-sensing snooze.

Pure-Fi Elite™

Fill any room with your iPod music collection
Our iPod tabletop stereo speaker lets you enjoy high-performance audio around the house through 80 watts of power. Listen to tracks from your iPod, with easy one-touch access to your favourite playlists, or enjoy live music on the digital AM/FM radio.

Pure-Fi Anywhere™ 2

Big sound. Small size.
These compact, portable speakers deliver crystal-clear sound and deep bass. Pack them in the custom travel case and take them anywhere with you. The built-in, rechargeable battery lasts 10 hours.

NEW**Pure-Fi Anytime™**

Take your music into your bedroom

An iPod/iPhone alarm clock that offers premium sound, Pure-Fi Anytime includes innovative features such as motion-activated, backlit controls and a high-contrast, easy-to-read display.

**NEW****Pure-Fi Express Plus™**

Great sound throughout the room

The omnidirectional acoustics of this speaker dock for iPod and iPhone let you enjoy great sound at a consistent level from anywhere in the room. Pure-Fi Express Plus also features an alarm clock and a wireless remote control.

**NEW****Pure-Fi Mobile™**

Wireless music for your stereo Bluetooth® enabled phone

A combination of compact, power-efficient speakers with a wireless speakerphone, Pure-Fi Mobile gives you the freedom to play the music from your Bluetooth mobile phone with no wires attached. Also connects to your laptop or MP3 player.

**Z Cinéma**

Turn your digital entertainment PC into a high-performance theatre

The advanced Z Cinéma speakers provide immersive surround sound and enhanced dialogue – without the need for rear speakers. Enjoy 180 W (RMS) of crystal-clear audio, with incredible detail and clarity.

**Z-2300**

Uncompromising THX-certified performance
Discriminating music lovers will appreciate its powerful, distortion-free bass, clear highs and rich mid-range.

**Z-10 Interactive 2.0 Speaker System**

Take control of your digital music

Touch-sensitive controls and an innovative display give you unprecedented control of your digital music. The 30-watt RMS full-range speakers with two-way design distil studio-quality audio: enhanced audio imaging, crystal-clear highs and incredible bass.

**Z-4 & Z-4i**

Add premium sound and modern design to your PC music experience

The subwoofer delivers unparalleled distortion-free bass, while satellites' active and pressure drivers produce high-quality sound. Remote features a handy MP3 input jack.

**Z-5500 Digital**

THX®-certified, Dolby® Digital and DTS® hardware decoding for pure 5.1 digital sound

Many call the Z-5500 Digital speakers the best ever. 505-watt RMS and a 25.4 cm (10") subwoofer deliver THX-certified, theatre-quality sound. Hold on to your seat!

X-540

Immerse yourself in the game with adrenaline-pumping surround sound

An intense 70-watt RMS, 5.1 speaker system, the X-540 is equipped with dual-driver technology to produce a uniform sound field. Matrix mode creates 5.1 surround sound from 2-channel sources.

X-530

Surround sound made affordable

The 5.1, 70-watt X-530 speaker system delivers full, rich audio evenly in your whole listening space. Dynamic, real-time bass equalisation maximises bass response.

X-240

Turn your computer into a powerful digital music centre

An innovative 2.1, 25-watt RMS sound system with an integrated MP3 player cradle to hold your MP3 player while you charge, sync or play your favourite digital music.

X-230

Adrenaline-pumping sound from dual driver speakers

The X-230 speakers produce a uniform sound field with full, rich sound. The ported subwoofer maximises punch while minimising distortion for deep, pounding bass.

X-210

2.1 speaker system for full, rich sound

Pump up your PC audio with Logitech's X-210 speaker system. Its compact satellites, high-excursion drivers and ported subwoofer deliver powerful audio for your PC, games or music.

X-140

Outstanding audio with enhanced bass for your PC, CD and MP3 players

Enjoy your PC, MP3, even CD player music with quality audio and deep bass in a slim, stylish profile.

NEW

Z-5

Great sound from anywhere in the room

The avant-garde Z-5 speakers feature omnidirectional acoustics, delivering great sound evenly in all directions. As they're connected and powered through a single USB cable, you can easily move them from room to room with your laptop.

NEW

Z-500

Wireless music for your notebook

The wireless, portable Z-500 speakers are simply the easiest, smoothest solution for better audio on your notebook. They go wherever you go and distil great sound for over 12 hours on a single charge.

AudioHub

Premium audio in a revolutionary notebook station!

An innovative notebook speaker system with a built-in USB hub that delivers full-sized digital sound and helps you organise your desktop. The width of this one-piece 2.1 audio system adjusts to neatly fit your notebook's screen.

Protective travel case for cables and speakers

V20 Notebook Speakers

Music as portable as your laptop
Enjoy rich stereo sound and deep bass even when you travel – thanks to the lightweight, portable V20 notebook speakers. The single USB cable provides both power and digital quality audio.

V10 Notebook Speakers

Ultra-portable audio upgrade for your notebook
The affordable, lightweight V10 speakers let you enjoy clear and smooth sound with your laptop. The USB connection provides power and digital quality audio with no other cables necessary.

G51

Your games have surround sound...
Why don't you?
Bring your games to life with these 155-watt RMS speakers. Two matrix modes create surround sound from stereo sources, FDD² produce a uniform sound field and the down-firing subwoofer maximises bass response.

QuickCam® Pro 9000

Image-perfect detail and clarity
Look sharp. This high-quality webcam combines Carl Zeiss® optics with an autofocus lens to capture HD-quality images with razor-sharp detail and clarity. The built-in microphone cancels echoes and reduces background noise. Includes Logitech Video Effects™ filters, avatars and face accessories.

NEW QuickCam® Vision Pro

Image-perfect detail and clarity on Mac
A premium webcam for Mac®, QuickCam Vision Pro features Carl Zeiss optics with an autofocus lens for the sharpest images. The 2.0 megapixel sensor and built-in microphone ensure more lifelike video calling with excellent, hands-free audio.

QuickCam® Sphere™ AF

Ultimate video calling freedom
Move freely. A unique combination of form and function in a powerful webcam: while the motorised lens with intelligent face tracking follows your every move, Carl Zeiss optics with autofocus ensure your images are sharp and clear.

QuickCam® S 7500

High performance. Sophisticated optics.
A superior webcam with a sophisticated optical design and a true 1.3 megapixel sensor, QuickCam S 7500 delivers sharp, vibrant images in any light. RightLight™ 2 produces the best possible image, even in dim or backlit situations. Stereo headset included.

QuickCam® S 5500

For an exceptional video calling experience. The accessibly priced webcam that takes your video communications to the next level, QuickCam S 5500 captures smooth, detailed video and rich, lifelike images.

QuickCam® E 3500

Easy to use, enhanced video quality. The easy-to-use and affordable QuickCam E 3500 produces clear, 1.3 megapixel photos (software enhanced). The integrated microphone ensures echo-free conversations.

QuickCam® E 3500 Plus

Clear, easy video calling. The affordable, quality webcam for great video and clear audio to make your instant messages, e-mails and web sites come to life with live footage. Bonus stereo headset included.

QuickCam® E 2500

Video calling made easy. Logitech's most affordable and easy-to-use webcam, QuickCam E 2500 is the ideal choice to get started with video instant messaging or live video calling.

QuickCam® Pro for Notebooks

Image-perfect detail and clarity. Focus on mobility! This high-performance, ultra-compact webcam produces fantastic image quality thanks to Carl Zeiss optics with autofocus, HD quality and RightLight 2. A built-in, noise-cancelling microphone transmits crystal-clear, natural sounding conversations.

QuickCam® Deluxe for Notebooks

Stylish and powerful portable video. Small in size but big on performance: this neat webcam features a glass lens and RightLight technology for true-to-life videos. Conversations are crystal-clear with the integrated microphone.

QuickCam® for Notebooks

Video calling on your notebook made easy. An affordable, portable webcam with a built-in microphone for simple and fun video calls wherever you are. The 640 x 480 VGA resolution ensures your videos and photos are rich and vibrant.

ClearChat™ PC Wireless

Move freely in comfort
An easy-to-use headset with a high-quality wireless connection, ClearChat PC Wireless lets you move freely when you're chatting, gaming or listening to music. Features high-performance audio and a comfortable design.

ClearChat™ Pro USB

Supreme comfort and incredible sound
A soft, padded headset with laser-tuned speaker drivers, a powerful one-touch equalizer and an adjustable, noise-cancelling microphone for a rich digital audio performance in complete comfort.

ClearChat™ Comfort USB

An incredibly comfortable USB headset
You'll enjoy comfort, quality and simplicity with this digital headset. The padded headband and earcups keep your ears cosy and snug for long chatting sessions.

ClearChat™ Premium PC

High-quality sound and maximum comfort
The headset you need for gaming, video chat, music listening or voice recognition.

ClearChat™ Style

Customise with colours!
Choose the colour that suits your mood for this stylish, behind-the-head PC headset. It features a rotating, noise-cancelling microphone and convenient in-line volume and mute controls.

PC Headset 120

Internet voice chat and online gaming
This sleek headset's comfortable behind-the-head style makes it ideal for PC calling, online voice chatting, gaming, watching movies or listening to music – privately!

ClearChat™ Stereo

Chat and play in comfort and style!
An attractive, adjustable and affordable headset to explore the world of PC calling.

Desktop Microphone

Clear voice communication from your PC
Acquire superior audio quality with this noise-cancelling microphone that filters out unwanted background noise. USB provides easy plug and play.

Premium Notebook Headset

USB/Analogue headset optimised for notebooks
A low-profile, adjustable, behind-the-head headset that fits you comfortably and securely. Folds flat and slips into a protective travel case when not in use.

Digital Precision PC Gaming Headset

Hear the action. Voice your commands.
The unique open-air design of this headset keeps your ears cool and comfortable during long gaming sessions. Dual analogue or digital USB connection.

Alto™ Cordless

Take your notebook to new heights of comfort
An all-in-one solution that takes the strain out of working on a laptop: an elevated stand equipped with high-speed USB 2.0 ports and a full-sized cordless keyboard with an integrated soft palm rest.

Alto™ Connect

Improve your notebook comfort and connectivity
A smart and durable elevated notebook stand with a convenient high-speed, four-port USB 2.0 hub to help you organise your space.

Alto™ Express

The new look of comfort
A simple yet effective notebook stand to improve your comfort when you're working on a laptop. Its high-quality construction ensures durability while rubber feet secure your notebook.

Cordless Number Pad for Notebooks

Easy number entry for your notebook
A cordless number pad to extend your notebook's keyboard and speed up data entry. Includes a stylish protective pouch. No software installation needed.

Premium 4-Port USB Hub for Notebooks

Portable USB connectivity
A compact and reliable four-port hub specially designed for notebooks with an external power adapter for your high-power USB peripherals. Speeds up to 480 Mbps let you rapidly transfer large files.

4-Port USB Hub for Notebooks

High performance USB hub
A smart and portable USB 2.0 hub with speeds up to 480 Mbps. Its unique, compact design allows you to plug devices into the front and back of the hub.

Cordless 2.4 GHz Presenter™

Effectively manage your time
This device helps you effectively manage your time during presentations with a built-in and programmable LCD timer.

Kinetik™ 15.4 Briefcase

Hyper protective. Hyper organised.
An enduring briefcase with a lightweight exo-shell casing that takes care of your notebook. Expanded-access compartments, internal cargo bays and convenience pockets help you stay organised when you travel.

Kinetik™ 15.4 Backpack

Advanced transport for notebooks
Keep your hands free thanks to this lightweight, protective backpack for your notebook. Expandable compartments, cargo bays and external pockets make your assets easily available.

MX™ Air

The ultimate mouse for PC entertainment. On the desk or in the air: MX Air is a high-performance laser cordless mouse that you can also pick up and point to control your PC's media activities from across the room.

NEW

MX™ 1100 Cordless Laser Mouse

Take hold of the next level of comfort. A powerful and reliable cordless mouse with a naturally contoured shape, the MX 1100 features the irresistible hyper-fast scroll wheel and an adjustable-dpi laser engine.

MX™ 620 Cordless Laser Mouse

Scroll hyper-fast. This laser, digital cordless mouse lets you fly through long documents at hyperspeed – 10,000 lines in 7 seconds – or shift to precise click-to-click scrolling.

MX™ 400 Performance Laser Mouse

Superior precision and performance. State-of-the-art laser technology lets you work flawlessly on surfaces where optical mice can't go. The tilt wheel allows up/down and side-to-side scrolling and in/out zooming.

MX™ Revolution Rechargeable Cordless Laser Mouse

World's most advanced mouse. A full-speed wireless mouse with pixel-precise laser tracking, MX Revolution features hyper-fast or click-to-click scrolling, quick flip between documents and web searches at the touch of a button.

NEW

V550 Nano Cordless Laser Mouse for Notebooks

More freedom to move around. A powerful mouse designed for maximum portability, the V550 can be clipped to your notebook, so that you have one less thing to carry around. The nano receiver is so small it stays in your notebook and batteries last up to 18 months, virtually eliminating the hassle of changing them.

VX Revolution™ Cordless Laser Mouse for Notebooks

High performance in an ergonomic design. Go for hi-tech mobility: this sculpted, compact mouse gives you fast and reliable wireless performance with precise laser tracking. Additional smart features include hyper-fast scrolling and swift web searches.

VX Nano Cordless Laser Mouse for Notebooks

Ultra-portable. The high-performance, ultra-slim cordless mouse with a receiver so tiny you can plug it in and forget about it. Features laser tracking, a hyper-fast scroll wheel and one-touch search.

V470 Cordless Laser Mouse for Notebooks with Bluetooth® technology

Bluetooth technology. No receiver needed. The solution for efficient mobility: a compact, highly precise laser mouse that connects directly to your Bluetooth-enabled notebook without the need for a receiver.

NEW
V450 Nano Cordless Laser Mouse for Notebooks

Precision on the go
 A nano-receiver so small it stays in your notebook, a robust and reliable cordless connection and precise laser tracking: the V450 offers all the comfort and productivity essential to on-the-go professionals.

V220 Cordless Optical Mouse for Notebooks

Ergonomically designed with soft rubber grips
 This sturdy, compact mouse tracks 2.5 times more precisely than ordinary optical mice. Its mini-receiver snaps into the mouse for easy transport.

V150 Laser Mouse for Notebooks

Works wherever you work
 This trustworthy mouse to accompany you on the road offers precise laser tracking and a comfortable, compact shape that fits snugly in either hand.

V100 Optical Mouse for Notebooks

More comfortable than the touchpad
 An affordable, compact and efficient mouse designed for your notebook, the V100 is a welcome alternative to the touchpad.

Mini Mouse Optical

Finally a comfortable and portable optical wheel mouse
 Reliable performance, 20% smaller than the Pilot Wheel Mouse and a web wheel for easy Internet access.

Cordless Click!™ Plus Rechargeable Optical Mouse

Cordless and rechargeable without compromise
 This optical mouse combines great features like a tilt wheel with zoom for side-to-side scrolling and in/out zooming with the convenience of rechargeable batteries.

LX8 Cordless Laser Mouse

Total comfort with soft rubber grip
 A sleek, lifestyle mouse that tracks with the precision of laser, the LX8 provides effortless control and superior comfort thanks to its soft rubber grip and contoured shape.

LX6 Cordless Optical Mouse

Upgrade to cordless
 A cordless high-definition optical mouse with a rounded shape that provides ample comfort for either right or left hand. Up to eight months battery life.

NEW
LS1 Laser Mouse

Stylish performance
 A precise laser mouse with sleek surfaces and a bold, colourful accent, the LS1 Laser Mouse adds a touch of style to your desk.

Value Optical Mouse

Plug & play convenience
 Enjoy plug and play ease and convenience with this straightforward and affordable optical mouse! Simply connect it to your USB or PS/2 port and you're ready to go.

Pilot® Optical Mouse

Affordable optical technology
 A high-definition optical mouse with a classic look, Logitech's Pilot Optical Mouse lets you enjoy smooth, accurate cursor control.

Cordless Desktop® MX™ 5500 Revolution

The speed you need. The control you crave.
A Bluetooth cordless desktop with a dynamic LCD display for premium performance and first-class comfort. Includes the state-of-the-art, rechargeable MX Revolution Laser Mouse.

NEW

Cordless Desktop® Wave™ Pro

Do more, more comfortably
Logitech's Cordless Desktop Wave Pro keyboard and mouse conform to you naturally to provide our highest level of comfort. Three-year keyboard battery life and MX 1100 USB rechargeable mouse minimise the hassle of changing batteries.

Cordless Desktop® MX™ 3200 Laser

Leading-edge performance, comfort and style
A sophisticated cordless desktop with smartly laid-out features, dynamic search controls and a built-in LCD to enjoy all your PC's media and communication possibilities. Ideal for Windows Vista™.

Cordless Desktop® Wave™

Innovative wave design cradles your hands naturally
A comfortable cordless desktop. The keyboard blends the innovative wave-key design, the constant curve layout and the contoured palm rest to instinctively guide your hands into a more natural position.

diNovo™ Media Laser

Sophisticated award-winning design
The diNovo offers today's most advanced desktop features. These include an ultra-flat keyboard, matching MediaPad remote control, fast Bluetooth® 2.0 wireless technology and a rechargeable MX laser mouse.

Cordless Desktop® S 530 Mac

One-touch controls for iTunes® and iPhoto®
Programmable keys also launch Safari™, Mail, Spotlight™ or any other application. A sculpted, right-handed laser mouse provides superior comfort and precision and delivers pixel-precise navigation on virtually any surface.

Cordless Desktop® Comfort Laser

Professional comfort, wireless freedom
An ergonomic keyboard with a split-key layout, the Cordless Desktop Comfort Laser comes with a comfortable cordless laser mouse for super-precise tracking.

diNovo™ Cordless Desktop® for Notebooks

The cordless desktop for notebook PCs
This is the first complete desktop solution designed for notebook PCs. Enjoy classic comfort at your desk – plus complete mobile flexibility!

Cordless Desktop® LX 710 Laser

The ideal desktop for your photos and music. The keyboard features dedicated controls to easily and accurately view, edit and share images, as well as to instantly access your music and favourite media applications. The included cordless laser mouse tracks with pixel precision.

NEW

Cordless Desktop® S520

The perfect companion for your flat screen. The Cordless Desktop S520 has a compact, contemporary design that completes your stylish setup and lets you enjoy a clean, cable-free desk. The high-performance cordless mouse tracks with laser smoothness and precision.

NEW

Illuminated Keyboard

Illuminates your typing experience. Work and play night or day with the ultra-thin Illuminated Keyboard. Bright, laser-etched, backlit keys let you type easily, even in the dark. The PerfectStroke™ key system helps make every stroke comfortable, fluid and silent.

Wave Keyboard™

Created for hands just like yours. A revolutionary advance in keyboard design, Logitech's Wave Keyboard incorporates three elements for a completely natural feel: the wave-key design, the constant curve and the cushioned palm rest.

Cordless Desktop® EX 110

The most reliable way to go cordless. It's easy and affordable to go cordless – in style. Quick, simple to set up and completely reliable. Superb quality and value.

NEW

Cordless Desktop® EX 100

Go cordless – it has never been so easy and reliable. Discover the usability, comfort and freedom of cordless at an affordable price with the Cordless Desktop EX 100.

Media Keyboard 600

Designed to maximise comfort and control. Quality, simplicity and comfort in a streamlined keyboard that makes accomplishing your tasks easier and more enjoyable. Inspired features include an intuitive volume dial, convenient launch controls and hot keys.

Ultra-Flat Keyboard

Stylish, space-saving design. Outstanding features, flatter, full-size keys including a number pad save space and streamline your work area without sacrificing comfort. Easy set-up. No software needed.

Media Keyboard

Experience amazing typing comfort, plus one-touch Internet and music

A spill-resistant design, convenient music, Internet and navigational controls make accomplishing your tasks easier and more enjoyable.

Classic Keyboard 200

Exceptionally quiet and comfortable typing experience

Great performance, great looks and unbeatable value in a spill-resistant keyboard that's easy to set-up.

Designed by gamers for gamers

G15

Your tactical advantage for gaming

The gaming keyboard that gives you a winning edge, with a high-visibility GamePanel™ LCD that displays vital data, illuminated characters with three levels of brightness and six fully programmable G keys.

G11

Stay in the game

The G11 keyboard delivers superior gaming responsiveness, with on-the-fly customisable keys and two full-speed USB ports. Even play through late nights thanks to the illuminated characters.

G25

Real metal. Real leather. Real racing.

Simulator-grade force feedback. Rock-solid 900° steering. Six-speed shifter. The G25 features all this, plus a 28 cm (11") leather-wrapped wheel, steel ball bearings, and full pedals set with gas, clutch and brake. Now it's not the wheel's fault if you don't win.

MOMO® Racing Force Feedback Wheel

Turbocharge your performance

This full rubber, force-feedback wheel includes a stick shifter, paddle shifters and pedals to put you in full control.

Formula Force™ EX

High-fidelity Force Feedback

This wheel combines industry-leading force feedback technology with a truly robust racing wheel to give you unprecedented control over your driving games.

Formula™ Vibration Feedback Wheel

Own the pole position

The wheel features extendable wings for lap support, twelve programmable buttons, gas and brake pedals and dual vibration motors.

Cordless Rumblepad™ 2

No cords, no limits!
Experience the freedom, eliminate the clutter. Logitech's Cordless Rumblepad 2 delivers the responsiveness of 2.4 GHz cordless technology, long battery life and even more precise control.

Dual Action™

Demand more control
For greater control of your best moves, try out two 360° analogue joysticks, 8-way D-pad and 12 programmable buttons.

ChillStream™

Play cool with ChillStream technology
Hard core gaming is intense. Logitech's ChillStream technology keeps you cool. Fans channel air through the controller to cool the user's hands. Three speed settings allow you to adjust the ventilation force so that you can play longer, play harder, play cool!

Precision™

Plug and play gamepad
Just connect this precise, sturdy and comfortable controller and you're ready to play sports, action, adventure, role-playing and driving games.

Rumblepad™ 2

Feel the action
Feel every hit, crash and explosion with this vibration feedback gamepad and its piston directional pad design that delivers more control than ever.

Freedom™ 2.4 Cordless Joystick

Freedom, precision, control
2.4 GHz Cordless Freedom technology delivers reliable, lag-free performance. Includes aluminium trigger and throttle, twist handle, programmable buttons and hat switch.

Force™ 3D Pro

Precision-engineered force feedback
The Force 3D Pro joystick features an upgraded force feedback mechanism with 12 programmable buttons, precision throttle and an 8-way hat switch.

Extreme™ 3D Pro

Take complete control
Twelve fully programmable buttons, a precise twist handle, an 8-way rubber hat switch, throttle controls and a weighted base.

Attack™ 3

Easy set-up, more control
Eleven fully programmable buttons, ambidextrous handle, rapid-fire trigger and precise throttle control offer stellar performance.

Cordless Precision™

No cords, no limits

This compact and comfortable controller uses highly reliable 2.4 GHz radio-frequency technology to deliver ultra-precise control with no lag, up to 10 metres (30 feet) away.

Vantage™ USB Microphone for PLAYSTATION®3 and PlayStation®2

High-quality voice input with USB

Boost your voice power in karaoke games with this high-performance microphone. Its durable construction and 4.5-metre (15-foot) cable make it perfect for a busy gaming environment.

NEW

Driving Force GT

The official wheel of Gran Turismo™

An advanced force feedback wheel that's licensed by Sony, the Driving Force GT makes your PS3 racing experience even more realistic. It features 900° wheel rotation, a comfortable 28-cm (11-inch) rubber-overmold rim, an exclusive realtime adjustment dial and stable accelerator and brake pedals.

NEW

Driving Force Wireless

Wireless technology, one-piece simplicity

A one-piece, force feedback racing wheel, Driving Force Wireless is designed to cut down on clutter. Easy to set up and store, it provides lag-free control from up to 10 metres (30 feet) away from the console.

Cordless Vantage® Headset

Wireless freedom, premium audio

Taunt opponents and coordinate your teammates thanks to this premium cordless headset with an active noise-cancelling microphone. Its behind-the-head design fits left or right ear and the rechargeable batteries give you 15 hours of play time.

HDMI™ Audio Video Cable

High-definition gaming/movies

Pure digital picture and sound, direct from the source: Logitech's HDMI Audio Video Cable delivers both full high-definition video and Hi-Fi digital audio through a single cable.

Vantage™ USB Headset

Superior comfort and clarity

Digital USB audio and a noise-cancelling microphone allow for high-quality command recognition and online voice chat. Comfortable, adjustable headband and interchangeable earpads.

Cordless MediaBoard™ Pro

Cordlessly manage your PS3 experience with a real keyboard

A lightweight and stylish Bluetooth® keyboard to quickly set up profiles, edit accounts and send text messages. Includes a built-in touchpad with vertical scrolling.

Cordless Action™

No cords, no limits

A small, light and comfortable cordless controller that delivers super-precise control with no lag time within a 10-metre (30-foot) range. Provides over 50 hours of game play with vibration enabled.

Precision™

Critically acclaimed D-pad

A compact controller that ensures great accuracy in any gaming activity. Features high-performance analogue sticks and dual vibration feedback.

NEW

PlayGear Pocket Slim™

Customisable protection

A tough, functional and stylish case, Logitech's PlayGear Pocket Slim protects your PSP both in transit and during play. Add your personal style by creating custom skins with the included templates.

NEW

PlayGear Pocket Lite™

Customisable protection

The PlayGear Pocket Lite protects your DS™ Lite with a virtually indestructible polycarbonate design. The customisable play-in-case design also features storage for up to four games.

Vantage™ USB Microphone for Xbox 360™

High-quality voice input with USB

Boost your voice power in karaoke games with this high-performance microphone. Its durable construction and 4.5-metre (15-foot) cable make it perfect for a busy gaming environment.

Vantage™ USB Microphone for Wii™

High-quality voice input with USB

Try this durable USB microphone to maximise your voice power and boost your performance in karaoke games. Includes a 4.5-metre (15-foot) cable.

NEW

Speed Force Wireless for Wii™

Realistic racing

Licensed for Wii, the one-piece Speed Force Wireless racing wheel delivers a more realistic driving experience from up to 10 metres (30 feet) away from the console. Includes an expandable lap rest.

NEW

Cordless Keyboard™ for Wii™

Natural typing for easy surfing, searching and sharing

This compact, cordless keyboard with dedicated Wii system keys lets you easily surf, search and share on the Wii Internet Channel and in chat-oriented games. Licensed by Nintendo®.
