

Go for the Goal Chart

Track your classroom goals with the Go for the Goal Chart. The customizable thermometer allows you to monitor milestones as the class works together toward a common goal. Simply pull down the tape on the back of the board to move the red strip up.

Customize the chart by writing a goal in the space provided. Suggested goals include: money raised for a fundraiser, amount of books read, homework turned in, or correct answers on tests. You can also write in numbers or percentages on the chart.

Hang the chart at the front of the room so all students can follow class progress. Chart includes grommets for hanging from magnetic hooks or heavy clips.

Note: For multiple uses of the board and to help prevent erasure of written notes, always use a wet-erase marker. Test your marker on the back of the board to ensure that it doesn't leave a permanent mark. Remove marks with a damp cloth. Board will warp if saturated with water.
