

FLAIL MOWERS

Fast, clean and dependable mowing.

Land Pride Flail Mowers are the perfect choice for schools and other recreational areas where people may be present. With the rotor working in the opposite direction of travel, the cut grass is brought up and over the rotor. Most clippings are laid down prior to the mower passing it by, which means foreign objects also have a tendency to stay inside the mower and are less likely to be discharged.

Which Flail Mower is right for you?

SUGGESTED HORSEPOWER

20
SERIES
25 - 55 HP

31
SERIES
35 - 80 HP

41
SERIES
35 - 80 HP

The unique three blade system on the 20 Series Flail Mower gives a nice even cut.

FM20 SERIES

25 - 55 HP — 60", 72"

- 1" Cutting capacity
- 0-4" Cutting height
- Rear height adjusting roller with greaseable bearings
- Scraper on rear height adjusting roller
- Fine cut knives
- 4-1/4" Rotor diameter
- Reverse rotor rotation
- Cat. 4 driveline
- 11 ga. Deck thickness
- 2 Position hitch for offsetting
- Replaceable skid shoes
- Fenders on both ends to protect trees

The 20 Series Flail Mower offers a two position hitch for offsetting the mower, enabling closer cutting along buildings, fences or roadsides.

Tapered ends on rear roller prevent gouging during tight turns.
