

AURORA¹

Aurora 1 - USB 'Ergo' Keyboard with Inbuilt Mic & Headphone Sockets

HKBAURORA1UBSMM

About

The Aurora 1 has a sleek chassis with an 'Ergo' style curved key module allowing the key position to contour the natural position of your hands. Those wishing to listen to their Mp3 files or those who go online with MSN, Skype (plus other internet services), will doubtless appreciate the inbuilt microphone and headphone sockets, it basically means you've got everything in one package. Add to this a special soft black rubberised paint finish and a wealth of multimedia keys, the picture is complete.

Specification

- USB connection & headphone + microphone 3.5mm jack plugs
- Black soft rubberised coating.
- Fold-down feet provides keyboard tilt for typing.
- 'Ergo' style curved key module.
- 21 hot keys to easily access the internet and your multimedia.
- Slim design, half the height of normal keyboard.
- Built-in scroll wheel acts just like your mouse scroll wheel
