

hp productivity photo gloss paper

cost
saving

HP Productivity Photo Gloss paper produces high-quality glossy prints which dry instantly, reducing production time. This versatile media is designed for optimum quality graphics and photo printing with most HP Designjet series printers and some non-HP large format printers.

benefits

- dries instantly
- high-gloss photo quality printing
- compatible with dye and pigment based inks
- smear and smudge resistant
- excellent colour reproduction
- can be laminated/mounted straight off the printer

applications

- posters
- photographic prints
- signs
- and many more large format graphic requirements
