

TEAM PRODUCTS INTERNATIONAL INC. Limited Warranty

WHAT IS COVERED: Any defect in materials and workmanship.

FOR HOW LONG: 2 years from date of purchase.

WHAT WE WILL DO: If your product is defective and returned within 30 days after the date it was purchased, we will replace it at no charge to you. If returned after 30 days but within 2 years of the date of purchase we will repair it or, at our option, replace it at no charge to you.

If we repair your product, we may use new or reconditioned replacement parts. If we choose to replace your product, we may replace it with a new or reconditioned one of the same or similar design. The repair or replacement will be warranted under our standard 2 year warranty.

LIMITATIONS: IMPLIED WARRANTIES, INCLUDING THOSE OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY (AN UNWRITTEN WARRANTY THAT THE PRODUCT IS FIT FOR ORDINARY USE), ARE LIMITED TO 2 YEARS FROM DATE OF PURCHASE. WE WILL NOT PAY FOR LOSS OF TIME, INCONVENIENCE, LOSS OF USE OF YOUR PRODUCT OR PROPERTY DAMAGE CAUSED BY YOUR PRODUCT OR ITS FAILURE TO WORK, OR ANY OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES INCLUDING PERSONAL INJURY.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above exclusions or limitations may not apply to you.

WHAT WE ASK YOU TO DO: To get warranty service for your product, you must provide proof of the date of purchase. Within 30 days of the date it was purchased, return your product to your place of purchase for immediate replacement. After 30 days, but before the end of the 2 year warranty period, you may return the product to the following address:

**Team Products International
Attn: Customer Service Returns
35 A Continental Drive
Wayne, NJ 07470**

We suggest that you retain your original packing material in the event you need to ship your product. When sending your product include your name, address, phone number, proof of date of purchase, and a description of the operating problem. After repairing or replacing your product, we will ship it to your home or office within four weeks.

WHAT THIS WARRANTY DOES NOT COVER: AMONG OTHER THINGS THIS WARRANTY DOES NOT COVER DEFECTS RESULTING FROM ACCIDENTS, DAMAGE WHILE IN TRANSIT TO OUR SERVICE LOCATION, ALTERATIONS, UNAUTHORIZED REPAIR, FAILURE TO FOLLOW INSTRUCTIONS, MISUSE, FIRE, FLOOD, AND ACTS OF GOD. IF YOUR PRODUCT IS NOT COVERED BY OUR WARRANTY, CALL OUR CUSTOMER SERVICE NUMBER AT (888) 231-4022 TO DETERMINE WHETHER WE WILL REPAIR YOUR PRODUCT AND OTHER REPAIR INFORMATION, INCLUDING CHARGES. WE, AT OUR OPTION, MAY REPLACE RATHER THAN REPAIR YOUR PRODUCT WITH A NEW OR RECONDITIONED ONE OF THE SAME OR SIMILAR DESIGN. THE REPAIR OR REPLACEMENT WILL BE WARRANTED FOR 2 YEARS.

THIS LIMITED WARRANTY IS THE ONLY ONE WE GIVE ON YOUR PRODUCT, AND IT SETS FORTH ALL OUR RESPONSIBILITIES REGARDING YOUR PRODUCT. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION SET FORTH ABOVE.

STATE LAW RIGHTS: This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

Owner's Manual

Welcome

This COLEMAN® product has been carefully engineered and manufactured to give you dependable operation. Please read this manual thoroughly before operating your new COLEMAN® product, as it contains the information you need to become familiar with its features and obtain the performance that will bring you continued enjoyment for many years. Please keep this manual on file for future reference.

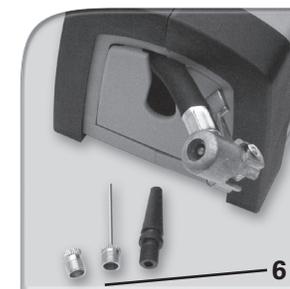

This compressor is designed to inflate tires, rafts, sports equipment and other inflatable items powered from your vehicle's cigarette lighter socket or any other 12 volt power source.

Important Warnings

READ ALL INSTRUCTIONS THOROUGHLY BEFORE USING THIS ITEM

1. This unit operates on 12 Volt DC power only.
2. Do not exceed the pressure recommended by the manufacturer at any time.
3. Do not leave the compressor unattended while the unit is running.
4. Be sure the unit is in the OFF position and unplugged when not in use.
5. Do not direct air flow at yourself or others.
High-pressure air is dangerous.
6. Operate only with the accessories included.
7. When operating the compressor, it is recommended that your vehicle's engine be running.
8. Do not open the compressor. There are no user serviceable parts in the unit. Doing so will void the warranty.
9. Do not use the compressor for over 2 minutes if using to fill high-pressure items (those exceeding 40 PSI). Whether used for tires or inflatable, the compressor should not be used continuously for more than 10 minutes. Allow the compressor to cool for 10 minutes or more between uses. Over usage could cause motor failure.
10. **WARNING!** This is not a toy. Keep out of reach of children.
11. **WARNING:** This product contains chemicals, including lead, known to the State of California to cause cancer, and birth defects or other reproductive harm. Wash hands after handling.

Location of Controls

1. 12-Volt Power Plug/Cord
2. Cord Storage
3. ON/OFF Switch
4. Inflator Hose
5. Hose Storage
6. Sport Equipment Needle, Inflator Nozzle and Valve Stem Adaptor

INFLATING TIRES AND OTHER INFLATABLES

1. Open the Storage Compartment door by grasping the door at the top and pulling down. Pull out the Air Hose.
2. Plug the 12 Volt Power Cord into the cigarette lighter socket or any other 12 volt power port in your vehicle. For best results, make sure that the vehicle is running.
3. Attach the Inflator Hose to the valve stem of your tire or other inflatable.
4. If inflating something other than a tire, attach the desired attachment (Inflator Nozzle or Sport Equipment Needle) to Inflator Hose.
5. To begin inflating, turn the compressor ON by pressing the ON/OFF switch to the "I" (ON) position.
6. Turn the compressor OFF by pressing the ON/OFF switch to the "O" (OFF) position.
7. Place back the power cord and the hose to the storage.

NOTES:

- If the tire is totally deflated, it is possible that the tire could separate from the rim allowing air to leak out when trying to inflate. This usually happens only on completely flat tires. In the event this situation occurs, you will have to jack up the car prior to inflating the tire.
- The time necessary to inflate a tire will vary from tire to tire and will vary depending on how deflated the tire is.

WARNINGS:

1. Always use a tire gauge to check the actual pressure in the tire.
2. Inflatable material items will not have existing pressure readings. You must be careful not to over inflate.

MAINTENANCE INSTRUCTIONS:

1. Do not apply oil or any lubricant to this unit. It has been permanently lubricated during assembly.
2. Use only mild soap and a dampened rag with hot water to clean the plastic parts. Avoid all other types of detergent, cleaner or solvents, which might contain chemicals that could seriously damage the unit. All other services should be performed by a qualified person.

SPECIFICATIONS:

- Voltage: 12V DC
Current: 13A max
Pressure: 200PSI max
