

# Nilfisk SW 655

## Pedestrian Powered Sweeper

**The easy way to keep indoor and outdoor areas litter-free**

The SW 655 sweeper is a walk behind sweeper. It's ideal both for indoor and outdoor use. The SW 655 increases productivity, easily replacing dozens of conventional push brooms. It's the quick clean-up answer for factories, garages, supermarkets, shopping malls, warehouses and parking lots.

## Sweeping both indoor and outdoor

The Nilfisk SW 655 sweeper is an easy and efficient way to remove litter and other debris. Use it indoor on factory and warehouse floors or outdoor on paths, roads, parking lots and other paved surfaces.

A large, comfortable handle and large wheels make the unit easy to manoeuvre

Quiet and fume-free operation

Hopper is light and easy to remove

## Increased Productivity

SW 655 sweeps three times faster and more thoroughly than a conventional broom, saving time and labour costs. It keeps your surroundings neat and litter-free – with minimal cost and effort.

The SW 655 picks up paper, leaves – even small screws, nails and bolts, and the machine is built to last. The handle is made of metal, while the hopper and other key components are made of polyethylene – a robust material that won't rust, chip, dent or crack. This durable polyethylene is also exceptionally light, making the SW 655 easy to push, pull and manoeuvre. Mechanically simple, it's virtually service free.

## Years of dependable service

- Working capacity of 2000 m<sup>2</sup>/h
- Main brush flips up litter into the 40-litre hopper
- Side brush pulls debris away from walls, kerbs, pallets and is simply raised when not needed
- Both brushes are easily adjusted
- Rubber skirt keeps in dust and dirt
- Easy to manoeuvre and empty
- Virtually no service required

## Technical specifications

Description	Unit	SW 655
Hopper capacity	litres	40
Wheel diameter	mm	260
Main brush length	mm	480
Side brush length	mm	300
Sweeping width	mm	680
Sweeping rate (max)	m <sup>2</sup> /h	2000
Width (with side brush)	mm	762
Length (machine only)	mm	1092
Length (with side brush)	mm	1250
Height (from floor to handle)	mm	900
Weight	kg	22
