

# SCHULTE<sup>®</sup>

GO NUMBER ONE! GO SCHULTE!

# Schulte Tough!!

## XH1500 Series 3 Shown

- 190hp Right Angle Gearboxes Heavy Duty 1 3/4" Input Shafts. 2 3/8" Tapered and Splined Down Shafts.
- Pentagon Blade bolt with C1045 replaceable bushings, provides maximum anti rotational resistance and a lower stress combination ensuring years of trouble free use!
  - Increase frame depth & blade tip speed results in superior cutting and flow of material.
  - Standard deck protection rings
  - Stump jumpers allow cutter sections to ride over obstructions.
