

# THE COMPLETE BATTERY SOLUTION FOR **JVC PROHD** STARTS WITH...

## **QR-JVC7/14 HDV**

- Gold Mount® provides compatibility with Anton/Bauer batteries
- Exclusive Gold Mount features including RealTime circuitry

## **REALTIME™ DISPLAY**

*In an exclusive collaboration between JVC and Anton/Bauer, the GY-HD100 was specifically designed for a RealTime™ interface with Anton/Bauer batteries so that it would display the remaining runtime in the viewfinder. The unique programming of RealTime automatically detects the camera load and calculates runtime based on the existing operating conditions, a distinct advantage for any video professional.*

**THE POWER BEHIND THE BEST CAMERAS  
CAPTURING THE BEST IMAGES IN THE WORLD.™**

# AND FINISHES WITH A FULL RANGE OF ACCESSORY CHOICES FOR YOUR **ProHD** CAMCORDER...

DIONIC 90

**GOLD MOUNT BATTERIES** - The wide range of Anton/Bauer batteries including the HyTRON®, Dionic®, ProPac® and Trimpac® allows complete flexibility of size, chemistry, runtime and cost. Gold Mount batteries enable video professionals around the world to optimize their camera performance and ergonomics to their individual needs.

The Dionic 90, matched with the GY-HD100, provides in excess of 5 hours runtime, helps counter balance the full size lens and is an ideal battery to start your Anton/Bauer battery system.

**INTERACTIVE® CHARGERS** – a complete family of high performance chargers, from full featured PowerChargers - Quad 2702 and Dual 2722, to the economical performance of Titan™ TWQ, Titan Twin, and Titan 70. The Titan 70 combines all the functionality of a one position InterActive charger and the convenience of a noise free, lightweight, camera mounted, wide range, AC mains adapter. Weighing a mere 1 pound, the compact design travels well and can remain attached to the camcorder nearly all the time.

Mounting a Dionic 90 on the Titan 70 allows seamless transition between AC mains and instantly going portable. By simply unplugging the line cord, the battery takes over – no glitch – no power interruption.

TITAN 70

ULTRALIGHT 2

**ULTRALIGHT® 2** - camera mounted fill light, designed specifically to work with any available light to create truly studio quality images, the Ultralight eliminates objectionable shadows on foreground subjects and is an essential tool for the blending with available light sources, comes standard with diffused glass.

- Removable head module, spares available separately
- Compact, lightweight design folds into itself, without head module
- Powered via the integral 20" PowerTap cable that plugs directly into the Gold Mount

Complementing the Ultralight is an array of additional accessories to modify lighting for different applications – UL dimmer, dichroic filter, soft box, wide angle adapter, and gels.

## **SPECIALTY MOUNTING & POWERTAP ADAPTERS**

Providing mounting and often power solutions for the numerous camcorder accessories for today's digital video professional is an invaluable feature of the Gold Mount system.

**ABWMK-HD100** - hard disk drive/wireless mount, specifically designed with the HD100 in mind, it provides an ideal mounting solution for the DR-HD100 and similar video hard drives, as well as wireless mic receivers.

**POWERTAP-FS4** – provides power to the DR-HD100 hard disk drive from the Gold Mount battery, via a special 14" PowerTap cable.
