

ServSwitch DT Series DVI KVM Switch

The best two- and four-port
KVM switch for DVI video.

FEATURES

- » Maximum resolution of 1600 x 1200.
- » Push button or hotkey switching.
- » Plug-and-play—no configuration needed.
- » Great for desktop users requiring access to multiple computers.
- » Space-saving design eliminates desktop clutter in small office/home office (SOHO) environments.
- » Supports Microsoft® Windows® operating systems.
- » Hotkeys or front-panel buttons for easy port selection.
- » Front-panel LEDs make the active port easy to identify.
- » The AutoScan function enables port scanning at 3-, 8-, 15-, or 30-second intervals, making computer monitoring easy and hands free.
- » Supports all standard VESA resolutions from 640 x 480 to 1600 x 1200.
- » Supports standard keyboard layouts with up to 104 keys and Microsoft IntelliMouse® or compatible mice.
- » Provides robust keyboard and mouse emulation to prevent lockups.

OVERVIEW

The compact and portable ServSwitch™ DT Series DVI KVM Switch works with most Windows operating systems and doesn't require a complicated setup. Plus its small desktop footprint enables you to use it on or under a desk.

Switching computers is easy. To select ports, use either hotkeys or front-panel buttons. When you switch, the front-panel LEDs light to show you the corresponding active port.

You can also use the switch's AutoScan function to scan all connected computers automatically, one by one, at the selected interval. Choose from AutoScan intervals of 3, 8, 15, or 30 seconds.

The ServSwitch DT Series DVI provides video resolutions up to 1600 x 1200 and supports Microsoft IntelliMouse and other mice.

What's more, it provides robust keyboard and mouse emulation to prevent lockups.

TECH SPECS

Operating Systems Supported — Windows 98/Me/XP, Windows NT®, Windows 2000

Resolution (Maximum) — 1600 x 1200

User Controls — KV9502A: (1) port selection button;
KV9504A: (4) port selection buttons

CE Approval — Yes

Connectors —

KV9502A:

CPU:

PS/2 keyboard: (2) 6-pin mini DIN F;

PS/2 mouse: (2) 6-pin mini DIN F;

Monitor: (2) DVI-I F;

Console:

PS/2 keyboard: (1) 6-pin mini DIN F;

PS/2 mouse: (1) 6-pin mini DIN F;

Monitor: (1) DVI-I F;

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p.m. and you need help, but your vendor's tech support line is closed.

According to a survey by *Data Communications* magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
