& Cradle  
Charger

## True Classroom Speaker Innovation

NXT™ speaker technology, which is revolutionizing the audio industry, has proven to be the perfect solution for today's classrooms. In partnership with NXT, Lightspeed has developed classroom audio systems that deliver an unparalleled sound experience for teachers and their students.

**NXT technology** utilizes the entire flat panel surface to emit audio in all directions, creating excellent sound distribution from a single speaker.

## Add a Second Microphone

Extra microphones allow students to utilize the classroom audio system for presentations and discussions.
