Quick Guide To Using SVR-3200/1680C/1660C/1645

RECORDING FUNCTION

SAMSUNG DVR provides several different recording methods. You can easily select and set any recording method that is most suitable for your environment or needs.

[Program Setup]

⚠ Complete program setup before recording setup.

Key Button

Select 〔MENU〕 ▶ Record Setup ▶ Program

● You can specify resolution (R), frame rate (F), and quality (Q) for each channel for normal operation and when events occur.

1. Manual Recording Setup

You can set record to start when a user presses the [REC] button on the front.

Key Button

Select 〔MENU〕 ▶ Record Setup ▶ Record

1. Record Mode : Set manual & event recording.
2. Program : Set a Program.

2. Schedule Recording Setup

Scheduled recording lets you choose the date and time to record.
STEP 1 : Record mode settings

Key Button

Select 〔MENU〕 ▶ Record Setup ▶ Record

1. Record Mode : Set the Schedule & Event.
2. Schedule >>

STEP 2: Schedule settings

Key Button

Select 〔MENU〕 ▶ Record Setup ▶ Record

● Index : Up to 50 different programs can be set.
● Day : Set a recording date.
● Program : Select a recording program (A~T).
● Time : Set a recording time.
● Delete : Delete an Index.

### 3. Event Recording Setup

STEP 1 : Event check settings

Key Button

Select 〔MENU〕 ▶ Event Setup ▶ Event

● Time for event recording ─ Always
　　　　　　　　　　　　　├ Timezone : For specified time only.
　　　　　　　　　　　　　└ Off : Not using event record.

STEP 2 : Event settings
* Set the general event (MD/Sensor/Text/Audio) for event recording. For more information, please refer to the user manual.

Key Button

Select 〔MENU〕 ▶ Event Setup ▶ Normal Event

● MD : Set the event recording channel.
● Sensitivity : Set sensitivity levels from Lowest/1~10/Highest.
● Area : Set user defined parameters.
*Event recording, manual recording and scheduled recording can be used at the same time. Only Event Record is needed : Program > General > Channel > Frame Rate > 0fps.

4. Copy (Back-up)

HDD content can be stored in other storage medium including DVD-R, CD-R and USB memory stick.

Key Button

1. Press COPY button after inserting a storage device
2. Select Type (CD/DVD, RE4, AVI)
3. Select Channel
4. Enter From/To Time
5. Select Start Button

CD/DVD COPY

● Recommended media
　• DVD-R : Mitsubishi, TDK, imation, Sony (16X recommended)
　• CD-R : Mitsubishi, TDK, imation, Sony (16X recommended)
　• USB memory stick : SanDisk (1GB, 2GB, 4GB, 8GB recommended)

* **Caution** : Using authentic and new media products is recommended. If DVD-R or CD-R is over a long period of time, errors may occur.
